Big congratulations to Noble and "Parker" for winning B.O.B. at the APC National. Two of my favorite guys!

Wow! What a surprise – what a week!

\*A big "Thank you" to Judge Janice Earl for finding "Toby" worthy for WD, BOW, and Best BBE at the APC National Specialty in Louisville, Kentucky, March 10, 2004.

\*To Judge Danny Moore, a heartfelt "Thank you" for our First Place BBE Dog – our ticket to winners class, and a spectacular end to our day!

\*To Judge Nadine Hersil for our first place in 12-18 Sweeps Class.

\*We are thrilled about our first "leg" on the Thelma Dunn Memorial Challenge Trophy for Best Bred By Exhibitor Dog. Thank you again, Judge Janice Earl.

\*Toby's last major, 5 points, thanks to Judge Anne S. Katona for WD at Evansville Kennel Club, Saturday March 13, 2004.

## MAGIC TOUCH OF LENETTE

SIRE: CH. MUSIC MAKER OF LENETTE DAM: NIKKI OF LENETTE

Magic is shown winning the 9 to 12 Month Class in the sweepstakes at the APC National, March 2004. Thank you, Nadine Hersil, for this nice win, and thank you, Vikki Oelerich, (516-795-4058) for doing such a fine job in presenting Magic. This little fellow recently won five Best of Breeds in two weekends out and needs one point to finish.

We have puppies on the ground sired by Music as well as our newest Champion, Charming Prince of Lenette. We also have puppies sired by Ch. A.J.'s Smokin Joe.

Please visit our Web site for the latest information on our litters, or give us a call. Our puppies are generally priced from \$800.00 to \$1,500.00. Satisfaction is always guaranteed at Lenette. If not completely satisfied with your puppy, return it within three days for a refund.

Best wishes to Becky Sabourin and Debra Gonyeau in being featured in this issue.

# Trudy's Pomeranians

Trudy's Pomeranians would like to congratulate

(\*pending AKC notification)

We were thrilled when Camryn won Winners Bitch and Best Puppy at the APC Specialty in Louisville, KY, under breeder judge Mrs. Janice Earl. The icing on the cake was to finish her that weekend with two more 5 point wins! Thank you to judges Mrs. Wendy Paquette and Mr. Forest McCoy for her other two majors and to her fan club who cheered her on.

Congratulations to all and thank you to everyone who made this Specialty the best ever.  
Good dogs, good friends, good times, a weekend to remember!

### "The Dream Dog"

Having been the #1 Pom (Breed) in 2002 and #1 All Systems as well as a top 20 All-Breed 2003 we could not be prouder of his past. However, it is his future and legacy that truly make him a "Special" dog.

Having become a ROM by the age of three with enough get close enough to assure him a ROMX by the age of four. He has produced BIS & multiple Specialty winning kids (including WD and two of the Award of Merit winners at the 2004 National). He sired both BOB & BOS winners at the 2004 Westminster Shows. All of this and there are many wonderful kids around the world that we expect "Special" things from.

Thank you to all who have supported Parker this past year, and GOOD LUCK to all the owners of Parker kids. We wish you all the best.

Congratulations to Eleanor Miller on a well deserved visit. Millamor is a household word in the Pom world, and without her hard work in breeding, we would not have the winning dogs that are out there today. Eleanor is one of the pioneers of these lovely Pomeranians. We owe a lot to her diligence. Thank you, Eleanor.

Ch. Southpaw Teralee Mis-Behave'N

Mika (Ch. Southpaw Teralee Mis-Behave'N) was proud to dust off her show outfit and strut her stuff around the ring one time just to say she had been at the Nationals. Mika wanted to show all those youngsters just how it is done. In Veterans Sweeps 6-9 years young, she took 2nd in her class out of six and the following day took her class and went on to win BOS Veterans.

Teralee Poms would also like to congratulate Alicia Marie Woods on winning Top Junior Handler at the Nationals and for being awarded Fourth Place Junior Handler Award in 2003 by The American Pomeranian Club. I am expecting bigger and better things from you this year Alicia and I want that suit you won in. Love your second Aunt ;)

## From the President's Desk

Margaret McKee

**G**rab your thesaurus, and start looking up superlatives. We just had another fabulous National Specialty in Louisville. It just keeps getting bigger and better.

The “fun” officially kicked off Sunday afternoon with a budget meeting, followed that evening by the beginning of the Board meeting, which continued the next morning. We managed to sandwich in three very well-attended seminars before the obedience trial began promptly at 5 p.m. with a fine entry of 19. As always, there were some frustrating misses, some lightning fast recalls, and some charming heeling. Congratulations to Wendy Donnelly on her High in Trial. While the trial was going on the grooming room filled quickly, and the Ways and Means Committee (Donna Riehm and Carolyn Brandenburg) set up an amazing array of auction items. Then the participants in the Costume Class gathered to be judged by Camilla Knight and Bob Fiddick. What a super bunch of clever costumes we saw. And all that fun raised money for a great cause, the newly formed Pomeranian Charitable Trust. (See Marge Kranzfelder’s column.)

Tuesday found us bright and early in the ballroom to watch Nadine Hersil sort through all those fabulous puppies in Sweepstakes. So many beautiful babies! And, of course, the Veterans in Sweeps were just awesome, bringing tears to your eyes. In between, we tried to visit all the great concessions set up around the edge of the ballroom. After the conclusion of sweeps, the Pomeranian Club of Central Virginia set up for a Fun Match. This is a year-old club, and they probably were just as glad the entry wasn’t as huge as at last year’s match. I suspect Judge Erika Moureau had a grand time going over all those youngsters. After the match, a quorum convened for the Annual Meeting. At this meeting, we announced the inauguration of new club pins with attached bars to recognize continuous years of faithful membership. Also announced were the selection of new Life Members John and Christine Heartz, Olga and Darrell Baker, Eleanor Miller, and Jean Schroll. Please see minutes summary elsewhere in this issue and the full minutes in the Roster.

The good news/bad news for this specialty is that we had a recordbreaking entry! Judge Janice Earl was overloaded, and Judge Danny Moore graciously agreed to take up the slack. The judges were alternated in the same ring, and both worked efficiently; our wonderful stewards Sally Baugnet and Charlene Waters did everything possible to keep things moving quickly, but the sheer numbers made us run long. Sadly, some exhibitors did not read their judging program carefully, did not realize that classes were not in the usual order, that there were not 2 rings, and a few missed their classes. At one point, the AKC rep came and asked Gregg Waters (show chair) when he was going to set up a second ring outside! We never did figure out if he was kidding, but at that point, it wouldn’t have done any good. Janice appeared unruffled and proceeded without appearing rushed to come up with her beautiful winners. What an exciting finish! Alas, the Brussels Griffon Club had been waiting for us to finish to start their sweeps, and they rushed in while we took pictures, and took pictures, and took pictures. Then off to the banquet. Our tireless Hospitality Chairman Kelly Reimschiessel had managed to coerce the hotel into giving us a bigger room which easily accommodated the 180 people who enjoyed the delicious buffet and final auction. Was it a coincidence that the tins of mints on the tables were “Parker’s Mints”? The party favors were mugs with this year’s specialty logo on them. A plaque was displayed recognizing the 13 years of efforts by our recently retired Assistant Circulation Manager Brenda Hutton. The final auction included some truly fabulous and unique items, including the color cover of next

year's winter specialty catalogue. Congratulations to all the successful bidders. I'll let Donna have the fun of announcing the incredible total of fund-raising efforts for the 3 days in her column.

Yes, there were glitches due to the huge entry. I feel we were over scheduled. I never got to the hospitality room, and it was only open for a few hours. I personally don't think we need 3 seminars, a fun match and a costume class. Your Board immediately began looking at ways we can make next year better. Tentatively, this is what we are looking at for next year's gala in Louisville. Since the academic competition is no longer at this hotel, we can get the ballroom all day Monday. So, we can set up Sunday night and start sweeps first thing Monday morning. Tuesday will see the judge you voted for (we haven't asked her yet) judging dogs and juniors. Annual meeting will still be Tues. night. Wed. the same regular class judge will do bitches, non regular and Best of Breed. That should finish us up in time to get dressed up in our finery for the banquet. (It is one of my personal pet peeves that people who get dressed nicely to show come to the banquet in jeans.) We are negotiating with the Brussels Griffon Club to hold our obedience trial with them. This would save us some money and guarantee the Brussels exhibitors "legs". The obedience people have been complaining for 3 years that they would prefer to be at the end of the 3 days rather than at the beginning. Well, we DID hear you and here's your chance. For most of the rest of us, Thursday can be a day of rest or sightseeing before hitting the all-breed shows at the Fairgrounds.

By the way, Onofrio refused to let me set up reserved grooming for Pom exhibitors at the Fairgrounds as we've done in the past, but the hundred Pom exhibitors on Friday seemed to manage OK. Becky, Rachal, and I went over on Thursday morning to grab some grooming space, then wandered around checking out the concessions. We got some of those great ice cream cones and wandered into the arena in time to watch three pretty Poms run agility. What a thrill. I would really like to see an agility demonstration as part of our festivities at the hotel next year.

What makes all this happen is the hard work of some wonderful, dedicated Pom lovers. These individuals work for our club NOT for the fame and glory. It is impossible to thank them enough. They have to do it for the satisfaction of jobs very well done and doing something for the breed and club they love so much. Show Chair Gregg Waters kept his cool under difficult circumstances. He quit as chair for 2005, then promptly volunteered to continue to do a lot of the job such as hotel arrangements and building and grounds. Our Show Secretary Cindy Boulware also was Show Secretary for the Brussels Griffon club and worked round the clock for weeks before the big event. I fully expected her to show up pencil thin with big bald patches on her head from tearing her hair out! (She didn't; she looked great as always.) Kelly attended to myriad details of hospitality, including hand-delivering thank you notes to anyone who contributed or helped in any way. Then she switched hats to provide and hand out all the title certificates and awards. Jane Lehtinen and Juanita Fiddick were trophy co-chair this year, and terrific trophies they were. I mentioned our seemingly tireless conformation stewards, Sally and Charlene. One of our junior handler entries pitched in to steward obedience. Marge Kranzfelder ran the costume contest and sold catalogues. Cheri McDonald, Becky Sabourin and Brenda Segelken manned the Review table and presented new subscribers and anyone renewing subscriptions nice tote bags with the national logo. Very successful "bribe"! Bob and Juanita Fiddick and the PCGD donated our drop dead gorgeous new black and gold table tops with the APC Logo, hand-made lovingly by Juanita. Members of PCCV sat in a hotel room putting together the new club membership pins. Various roommates fed and exxed dogs and put up with our late hours and crankiness. Lots and lots of people pitched in and fetched and toted and ran errands and made it all happen in spectacular fashion. Thank you, thank you, thank you!

Maybe you would like to help out but haven't been asked. Maybe we just don't know about your skills and abilities. Let us know. Volunteer! Specifically, we need someone with an interest in history to take over our archives. Contact Cindy Boulware. We need someone to chair the Audit Committee. Help! Contact any Board member. Profound thanks to Terry Rothell who did such a meticulous job on the last audit.

I hope you have already begun making plans to attend our Summer National in Indianapolis, September 23, 2004. See you there. 🐾

# Ask Us Anything

## **Our question for this issue is: What is hypoglycemia?**

Hypoglycemia or low blood sugar is a possible problem with all toy breed puppies. Veterinarians who have not had a lot of experience with toy puppies may misdiagnose the condition as viral hepatitis or encephalitis. As a toy breeder or pet owner, it is important to recognize the symptoms of hypoglycemia and know how to treat it. Hypoglycemia is easily treatable in the early stages but fatal if allowed to progress. Many puppies are lost needlessly to hypoglycemia because of ignorance on the part of their owner or veterinarian.

The first sign of hypoglycemia is the puppy slowing down and then acting listless. The puppy will then begin to tremble or shiver. This is a reaction caused as the brain is starved for glucose. The trembling is followed by a blank stare and the puppy lying on his side. He may also experience convulsions. After a time, the puppy will become comatose. His body will be limp, lifeless, and the tongue and gums will be a grayish/blue color. The body temperature will be subnormal. The puppy may even appear to be dead.

If caught in the early stages, treatment is simple. Rub Nutri-Cal (Karo syrup will do if you have no Nutri-Cal) on the puppy's gums, under the tongue, and on the roof of the mouth (caution: do not use honey). Get a heating pad or heating blanket, and slowly warm the puppy to proper body temperature. If the puppy responds, all is well. Feed a quality canned food right away (you may want to mix it with egg yolk), and dropper feed some Pedialyte or Gatorade. Monitor the puppy to be sure that the condition does not recur. Be sure to eliminate the stress that caused the episode if at all possible.

If caught in the more advanced stages, treatment is more complicated. Always assume that the puppy is alive. Rub Nutri-Cal or Karo in the mouth, and carefully insert a small amount in the rectum. Slowly warm the puppy to normal body temperature (101-102 degrees F) and keep him warm continuously with light heat. If the puppy still does not respond, carefully eye dropper Pedialyte, Gatorade, dextrose solution or Karo water into the mouth, a little at a time. Call your veterinarian and inform him that you have a hypoglycemic puppy. He will prepare a warmed dextrose solution to inject subcutaneous and may put your puppy on an IV drip. Request a fecal exam. Your puppy may have intestinal parasites such as worms, coccidia, or giardia that need to be eliminated immediately. A bacterial infection may also be present and antibiotic treatment necessary. If your puppy has been given glucose injections, it is probably a good idea to treat him with antibiotics so that infection does not occur. Your vet will likely recommend a prescription canned dog food such as A/D to give as your puppy recovers. You can finger feed the A/D "as is" from the can and add Pedialyte or Gatorade to the drinking water. You must also keep the puppy warm at all times. Of course, use prudence, and do not overheat or dehydration will occur. In severe cases you may need to force feed A/D for a time and give Pedialyte with a dropper. Give B vitamins to stimulate appetite. As your puppy improves, he will begin to eat on his own and then you can gradually phase back in his regular food.

It is important to understand that, just because a puppy has an episode of hypoglycemia, it does not mean that the puppy is truly "hypoglycemic." True hypoglycemia is a chronic condition caused by overproduction of insulin by the pancreas. Even though the pancreas may normally function properly, toy puppies can still have an isolated hypoglycemic incident in reaction to stress. Hypoglycemic incidents are almost always preceded by a stress of some kind. Some examples of common stresses include: weaning, teething, vaccinations, a change in environment, shipping, overhandling, cold temperatures, intestinal

parasites, infections, anorexia, etc. Many puppies simply play too hard and stress their system or forget to eat. I have heard of young males experiencing hypoglycemia when a female in heat is around. They become so worked up over the female that they do not eat, and their blood sugar drops.

Tiny dogs often do not have the fat reserves to supply adequate glucose in times of stress or when they do not eat regularly. Hypoglycemia most often occurs when the puppy has not eaten for several hours. This is not always the case, however. A puppy can have eaten recently and still show signs of hypoglycemia if his system is stressed and the food has not been digested and assimilated. It is important to "free feed" toy puppies a highquality food. Toy puppies simply have too high of an energy level to be restricted to scheduled feedings. Most do fine if switched to scheduled feedings when they reach adulthood, but they must have access to food and water at all times when they are puppies. If you like to give your puppy canned dog food, you can schedule the feeding of the canned but allow access to kibble at all times.

A summary of important reminders is as follows:

- 1) Always keep Nutri-Cal or Karo (corn syrup) and Pedialyte or Gatorade (the clear kind without artificial color is preferred) on hand. This is the quickest way to revive a hypoglycemic puppy.
- 2) If you ever see your puppy becoming listless or lying on his side and acting unresponsive, IMMEDIATELY rub Nutri-Cal or Karo on his gums, under his tongue, and on the roof of the mouth. Slowly warm him to normal body temperature with a heating pad. Feed him and dropper Pedialyte or Gatorade into his mouth as soon as he responds. Call your veterinarian if the puppy does not quickly respond.
- 3) Keep your puppy from chilling, and free of parasites, and minimize stress.
- 4) See that your puppy eats often and maintains a proper body weight.
- 5) Do not overhandle your puppy. Be sure to allow him rest time and alone time. Like all babies, puppies need to have a regular schedule of rest, meals, play and potty.

## Membership Meeting Minutes

March 9, 2004 - Louisville, Kentucky  
Janice Russell, Recording Secretary

3540 Kessler Blvd N. Dr, Indianapolis, IN 46222 Email: [indypom@indy.net](mailto:indypom@indy.net)

Meeting called to order at 7:50 pm by President Margaret McKee.  
Attendance: There were 42 members and 9 guests present.

**President Report:** This will be Margaret's last time to hold the annual meeting, as her office term will be up. It has been a privilege to serve, and she is grateful for the opportunity because she is proud of the way the club has grown and changed. Last two years' audit have been reviewed and are completed. The club is in good shape, healthy and continues to grow. We have seen the review almost die, be reborn and grow again. The specialty was moved to a new site, and obviously people like it, as this is the biggest specialty ever in the breed history. We are looking at changing some things for next year if it can be worked out, not only for conformation but also obedience, as they would like obedience on the last day. Looking at how we can fix the need to hire a second judge. Nominating Committee has been appointed, but the people have not been confirmed.

**Recording Secretary Report:** The minutes of the last meeting were dispensed as they were previously published. Motion by Nadine Hersil, second by Brenda Segelken and motion carried.

**Corresponding Secretary report:** Received several updates for officers and boards from the regional clubs but not from all of them, so be sure to send in the information when you change officers and boards.

Part of Cindy's job is to answer mail from the public. Recently, the electronic lists have had things on them which are not correct. Please call or write to Cindy for answers to questions; don't listen to rumors. If she can't answer, she will take it to the board for an answer.

**Treasurer Report:** The year-end expenses were \$74,229.53 with Income of \$77,040.56 for a year-end profit of \$2,811.03.

**Show Chair:** This will be Gregg's last year doing show chair. He has enjoyed it and will continue as Grounds Chair next year.

**Show Secretary:** Due to a mistake on Nadine Hersil's ad, she will receive a free ad next year. We had 484 entries. Next year, Cindy will have two phone lines and two fax machines. Things will be better! Front Cover - Going to auction next year's front cover. The centerfold and inside and outside back cover will now be in color and will be drawn. If interested in the inside back cover, outside back cover or the centerfold, will take names and draw for them. Will draw four names so, if a person changes their mind, we can go onto the next person.

Patti Danielson is doing trophies next year, and already a couple places are taken; so, if know you want one let, her know now.

Cindy explained the catalog price went up \$2.00 because it was 105 pages and she did comb binding due to the size. She has 1-½ weeks to get the catalogs done after the close.

**Hospitality Report:** Kelly Reimschiessel expressed her thanks for support from local clubs and individual people for the food and monetary donations. One club donated their members to be greeters at the door and enjoyed it so much they will do it again next year. If anyone has any ideas for hospitality, email them to Kelly.

**Ways & Means:** Donna Riehm said she and Carolyn Brandenburg had tagged well over 100 items. She expressed her thanks for peoples' generosity, both in donating and purchasing. They had a great day with over \$700.00 on the "Buy It Now" tables. They will put some items on a silent auction tomorrow, with the balance going to the auction after the banquet. Two original art works by Chris Hertz are going as a set in a raffle, so be sure to buy tickets. Had a wonderful year last year, selling items throughout the year for a grand total of \$8,409.00 at year-end.

Judges Education: Dot Martin reported we had three Judges Seminars last year: Florida, Oklahoma, and the AKC Judges Institute. We now have a new Breed Standard Seminar CD that has been completed. It has 78 slides and is in Power Point. Over 100 photos were scanned. The board viewed it Monday morning and approved it. Dr. Lou Guthrie charged the club \$200.00 to do the Power Point presentation and has requested the money be donated to the Canine Health Foundation. Dot is selling them to persons attending the mentoring seminars. They are also on sale for \$10.00 as show specials. She has ordered 50 more copies for tomorrow and has 15 left to sell tonight. Ed Bivens wanted to see the CD completed and offered to contribute to the expense.

Margaret McKee said this has been a real labor of love for Dot to see the project through, and sadly, due to other projects and responsibilities, Dot has resigned to pursue them.

Review: Brenda Segelken said send in ads. She introduced the new Circulation Manager, Sherri McDonald. She said Joan Behrend and Becky Sabourin are proofreading articles for the Review. Brenda thanked Brenda Hutton for her years of service as the circulation manager. She introduced the Advertising Manager, Jessie Klein. Also, Joan Behrend and Bonnie Harris, who volunteered to get advertising in their part of the world. We still need a West Coast person. There will be an increase in advertising prices effective with the July/Aug issue. Two front covers are still available for this year. If you have any suggestions for the Review, please send to Brenda or Margaret.

Health & Genetics: Marge Kranzfelder reported she was asked to look into forming a separate entity to help Pomeranians and protect donations for the use of Pomeranians. Since we cover 50 states there are many different laws for non-profits. It was decided in order to maximize dollars that are raised; a trust would be best and provide a full tax writeoff for your donations. We are in the process of filing papers now. We can continue to give money to CHF as before or do other projects that involve education or rescue. Trustees are Cindy Boulware, Marge Kranzfelder and Janice Russell. Dr. Gary Johnson will continue to do research for us either as a separate entity or through the Canine Health Foundation.

The proceeds of \$1,365 from Deborah Lynch's seminar will go toward the PCT. The costume contest with Judges Bob Fiddick and Camilla Knight had some very creative costumes, and all had a good time.

Debra Barrett fronted the cute chocolate Pomeranians with the profits going for the Pomeranian Charitable Trust. Also, an oil painting donated and painted by Pom owner Jean Stumpf is to be raffled, with the proceeds to benefit the PCT. Cindy helped her by providing assistance and answering her questions.

In the future, there will be two sets of jewelry donated by Loretta Swift with proceeds for the PCT. Skin tissue can be sent if spay/neutering in lieu of blood samples for gathering of DNA.

Budget: A group met Sunday to work out a new budget. They came pretty close last year.

Nominating Committee: Headed by Erika Moureau with two other members. However, they have not been contacted at this time.

Report on PCCV Match: Had 74 entries. They gave \$355.00 in cash prizes plus articles made and donated by Debra Kingery and Mari Iffland.

Margaret McKee thanked Juanita Fiddick and the Des Moines Iowa Club for the donation of the two table covers with the APC logo for the Trophy and Photo tables. The club donated the funds, and Juanita made them. They will make and donate another for the judging table for next year.

Local clubs are encouraged to send in your club news to the Review. Let us know what your club is doing.

Years of membership: Margaret read the list of members and their consecutive years of membership for presentation of 5,10,15,20 and life membership pins. PCCV members assisted in getting them put together and handed out.

Life Members: The announcement of persons who were nominated for and accepted Life Membership are Chris and John Hertz, Eleanor Miller, Darrell and Olga Baker and one other who had not been contacted at that time. (Jean Schroll has now been contacted and accepted.)

The summer nationals will be in Indianapolis, IN, September 23 and 24, 2004.

Meeting was adjourned at 9:20 pm. 🐾

## *Wyndlor Poms*

“Hey Mom, can I have a Pom?” “Sure Chris, whatever...” Little did I know that short conversation would change my life.

I have been in dogs for about 25 years. I started in Shelties and finished a few in the U.S. and in Canada. I was limited to the number of shows I could go to as Chris was growing up and was busy with sports and music. He kept my husband, Jack, and me pretty busy. We loved every minute of it. One summer, Chris started going to the shows with me, and it is there that

he decided he wanted a Pom. His reason? Well, they stayed small. Shannon Johnson had a litter at that time, and, after a few visits, Doo-Shays Jazzin Jordache became a member of our family. This little dog won a unique place in my heart. Seven years later, our family lost him to an anesthetic reaction. Jordie, as he was called, took a special part of me with him. It was then that I knew that I couldn't live without a Pom. So, Priscilla and Bobby joined our family.

It was not long when I decided to switch solely to Poms. After some research, I contacted Jeanne Blank of Absolute Poms. I waited patiently for an available puppy. I got two bitches, Misty and Maddie, who became the backbone of our Pom family. Misty became Ch. Absolutes Magic Mist ROM. She is the dam of Ch. Wyndlor Cast A Spell (Patty), Ch. Wyndlor Magical Mist (Summer), Ch. Wyndlor Absolute Spellbinder (Luke who is

now owned by Daphne Bowyer) and Ch. Wyndlor Amazing Grace (Gus). Maddie (Absolutes Rev It Up) is the dam of Ch. Wyndlor Toy Story and Wyndlor-N-DJ's Oliver Twist ROM, both owned by Donna Machniak.

The next Pom to join our family was Forever As-

pects of Love, a black and tan who was born before his time. He is the sire of three champions. Alex had all of his minor points and seven major reserves when he was retired.

With my breeding program progressing nicely, I knew that I needed an outcross. Jeanne and I decided to combine forces and search for that dog who would complement our programs. It took us over a year, but our persistence paid off at the national specialty in Dallas where we found Jan-Shars Dudly Doright. Dudly came home with us a few weeks later. He finished his title quickly while still in the puppy classes and picked up a few group placements on the way. It was then that we thought that perhaps he might have a future as a special. While we were waiting for him to coat up, I took him to Canada where he finished his title in one weekend going winners male at both the Pomeranian Club of Canada and the Pomeranian Club of Ontario.

I didn't know where Dudly's specials career would take him, but he exceeded my expectations. He earned six Bests In Show, one Best In Specialty Show, many Awards Of Merit, multiple group ones and many group placements. The most memorable weekend was at the National in Kentucky and the weekend Kentucky cluster. No one was more excited than I when Sue Talsma showed him to an Award Of Merit under Mr. Melvin Beech at the National. At the all breed shows he won the breed each of the four days. On the first day he won a Group II. The next three days he won the groups and on the fourth day at the Louisville Kennel Club show, he won his second Best In Show beating many top specials including Mick, the beautiful Kerry Blue Terrier. I will always remember that as a very special weekend.

Dudly retired as Multi BISA/BISS Am/Can. Ch. Jan-Shars Dudly Doright HOF, GC. He attends a show once in a while just for fun. Now our goal for him is his ROM. He has four champion get, including Ch. Wyndlor Doin' It Right (Dooey) owned by Linda Mulso who is a multiple specialty winner and a multiple group winner in his

own right. Dooye has joined the stud force here due to the generosity of Linda Mulso. We are looking forward to the opportunity to use this boy to continue the family tradition.

Our dogs are all in the house. We have a tri-level, and they have the middle level all to themselves. They are kept in pens made of PVC pipe which is easy to clean and virtually impossible for the dogs to injure themselves. We have a door that goes out directly to the fenced area which consists of a half an acre with three individual areas.

We free feed the adults an excellent, quality dry allnatural food. The babies are fed the dry food softened and mixed with canned food and cottage cheese. I don't have a set time that I wean puppies. Some moms are ready earlier than others, so I play that by ear. I only supplement if an individual dog has a specific need.

The moms go into my office when the whelping date is near. There I can keep a close eye on their appetite and general health. I am fortunate to work for a veterinarian where I am able to take the moms in daily when they are nearing their due date. After the puppies are born, they stay next to my bed so I can hear everything that is going on. At two weeks of age, they move back into my office where they stay until they are weaned. They then move into the kitchen where they get accustomed to everyday life.

I have always had a great interest in the breeding aspect of the sport of dogs. I have used line breeding, inbreeding and out crossing with success. The key is to find what dogs produce the qualities you need and then use them well. Pedigrees can be a great roadmap to a breeder; however, the pedigree is only as good as your knowledge of the dogs on that piece of paper. Research the dogs that you want to line breed on. Check out his/her progeny. Do they look like the dog you have in your mind's eye? Where is your roadmap taking you three generations down the road? I always try to look at breedings with the next couple of generations in mind. What am I breeding for, and where am I going with that when I hopefully get it?

The sport of dogs is more fun if you have great friends to share it with. Thank you, Jeanne Blank,

for sharing your best. Thanks to Nina Fetter for also sharing and helping to get the puppies out and finished. To Sue Talsma who showed Dudley throughout most of his specials career. To Alane Levinsohn, who has proved that friends can be competitive and still remain best friends. To Linda Mulso who took Doey and made him a star as well as a producer. To Donna Machniak who didn't let me give up on Gus. To Sarah O'Brien who has a great future in the world of Poms. Last but not least to my husband, Jack, who stays home while I am at shows and takes great care of the young aspiring show dogs and my retired family companions.

And for those of you who wonder what happened to my son Chris: He is approaching 30, is happily married and teaches first grade for the Midland Public Schools. His wife, Amy, teaches fifth grade in the same district.

## Jenn De Pomeranians

Hello Everyone!

My name is Debby Gonyeau. Together with my daughter, Jennifer, and her boyfriend, Todd Spinner, we are Jenn De Pomeranians. I am a member of the American Pomeranian Club as well as our local Saratoga All Breed Kennel Club. Jenn and Todd are also members of Saratoga Kennel club.

We are extremely honored to be asked to do this kennel visit. There are so many people to thank that there wouldn't be room left if I listed them all. We have made some really great friends. When we are at the shows, we have so much fun. I would like to someday write a book called "On the Way to Best In

Show". It would be about all the fun and not so fun things that happen long before you are actually in the ring. From cars that break down on the way to 11:30 p.m. donut runs.

I have been married for 24 years to a great guy named Chris. Besides Jennifer, we also have three other daughters, Crystal (22), our oldest who is married and has a son, Dylan (two), our first grandchild, Tiffany, who is 13; and Kendra, who is nine. My mother, who is 86, also lives with us.

Tiffany is just starting to show and has a longcoated Chihuahua named Gizmo. Kendra is a special needs child due to birth trauma. We both almost didn't make it at the time of her birth, but through God's grace we are both here. We live on a 55-acre farm in Upstate New York, just north of Albany in a town called Clifton Park.

We have not been in Poms very long, just under five years. So, in every sense of the word, we are novices. Our beginning actually started when I was pregnant with Jennifer over 19 years ago. I have always loved Poms, and just before I learned I was pregnant with Jenn, I finally found the Pom of my dreams. His name was Foxy, Bate's Tiny Prince of Perfection. I showed him at a fun match, and we actually took Best Puppy in Match. My father passed away soon after Jennifer was born and my mother wasn't in the best health so we sold our farm and moved to where we now live. When we sold our farm I also sold Foxy back to his breeder and put my love for Poms on hold for a few years.

Like many of you, I also showed horses for a while. I had an Arabian gelding named Fred (Oak Meadow Charade) that I showed through the New York State Saddle Horse Association. He and I won All Around Pleasure Champion. At the same time I occasionally showed a palomino Saddlebred. Before my father passed away, we also had a little black pony that used to pull a cart in the summer and a sleigh in the winter. It was lots of fun.

I even tried my hand at breeding the horses a little. We had one foal that was born three and a half weeks premature. What a time we had saving her. I took a week off from work, and I had to milk the mother out every two hours and feed her through a stomach tube for the first three days. After that, my husband, who is a welder, made leg braces for her with the help of my vet, and then I would have to lift her up every two hours so she could nurse. At the beginning, we almost lost the mare too because she had colic so bad. The baby had to have a plasma transfusion and also different types of shots

every six hours. We named her Whinny because every time she heard my footsteps in the barn she would whinny. Only with God's help did she make it. My girlfriend still has her and her mom.

Finally, about five years ago, I knew it was time to try and find another Pom. I saw an ad in a local want ad digest so I called. He was a chocolate Pom. I went to look at him and fell instantly in love. So I brought him home. Soon after I got him, I thought about possibly breeding him. I was given a name of a breeder that might have a chocolate/white party, Sandy Shaneyfelt of Southpaw Poms. I contacted her and she sent us Syble, the sweetest little girl you could ever ask for. So we bred Syble and Pooh. They became the proud parents of three little babies, two chocolates and a sable.

During that time I also put up a Web site and had the pups' pictures on there. We were contacted by many people regarding these pups, but one person named Jan Young also inquired about them. I know that they were pet quality and I believe I told her that at the time but the more we talked the more I learned. Since we were so new with the Poms, I had no idea that Jan had many champions. But after a while she told me about a year old boy she had named Star Haven Tradition of Glory aka Teddy. I will never forget when we went to the airport to pick him up. We couldn't believe that someone would send us such a beautiful Pom!

I had contacted Sandy, and she also had a year old boy, Southpaws Causen-A Comotion aka Mike. So within a week of each other we had two show prospects, Mike and Teddy. We decided that we would go to a show close by in Ballston Spa, NY. We had entered Mike but didn't know that Teddy would be here in time so he wasn't entered. We had no idea how to show groom Pomeranians. We had been told that "you don't groom the competition" so we were on our own. With me ringside, Jenn took Mike in the ring and just followed what everyone else did. Needless to say they didn't win, but we were "bitten by the show bug". After that we started going to handling class. Then in October there was a show that also was nearby so we entered both Mike and Teddy. As I mentioned before we didn't have any one who would help us with grooming, so we took Mike and Teddy to the pet groomer. But as luck would have it, the judge that day gave Mike Reserve Winners Dog to a major. We didn't even know that we could have a picture taken. A lady named Garrett O'Dell told us. We will always treasure that picture but will show it to no one. During these shows, it was a two-day show, a very nice lady named Donna Majewski, approached us and asked us if we would like some help with grooming. Of course we said yes, and thanked her so much! She showed us how to round their ears and a few other small grooming tips. Our next show was a couple of months later. It was a three-day show, Friday through Sunday. On Friday, the judge was very nice but when we looked at the other dogs in the ring, our "pet groomed" guys with rounded ears just didn't look like the others. So when we got home from the show that day, we found a picture of a show Pom and a pair of scissors and Jenn tried to make Mike and Teddy look as close as possible to the beautiful Pom in the picture. It seemed like it took forever. Saturday came and off to the show we went. Only this time, both Mike and Teddy looked much more like the other dogs in the ring. Were we ever surprised and thrilled when on Saturday Jenn and Mike took WD/BOW for his first point. The following day, Teddy and I took WD for his first point.

We continued to show, and Jenn and Mike added points here and there. We also started going to shows farther away, mostly in Springfield, MA. That very nice lady named Donna was there at most of them and we became good

friends and to this day still are. But also during this time, she offered to take Teddy and see if she could put points on him. Well, she sure did. She put his first major on him at the Bay Colony Pom Club specialty show and continued until she finished him in late November of that year. We can never thank Donna or his breeder, Jan Young, enough for our first champion. Teddy now enjoys the life of a lap dog.

During that summer, Jenn met a nice boy named Todd. During the shows that are held every August in Ballston Spa, NY, Todd came to visit her. On Saturday night of these shows, there is a fun match that is held every year. During this year's fun match, Todd was there. We handed him a dog and said, "Have fun." Jenn ended up getting Best Puppy in Match with a little bitch puppy that year.

In the fall of that year, Jan Young sent Jenn a little girl for her to show, Star Haven's Rock-N Etta James. Jenn finished Etta from the puppy classes with three majors by the beginning of April. Sandy also sent us a little boy named Atom. By the time Atom was ready to be shown, Mike had been pointed out. So Atom's first show with Todd at the end of the leash was the Bay Colony Pom club specialty. Atom did real well, but it was Mike's turn to shine that day. He took WD for a four point major. He also took BOW, and Jenn was specialing Etta, and she took BOS at the specialty. That win left Mike with only that remaining major to get to become a champion. Jenn showed him the next day where there was a major, but it wasn't his turn to finish just yet.

The next sets of shows were the following month in Springfield, MA. Mike had been entered all week, but there was only a major on the Friday of those shows. I'm sure the rafters in that building had to be inspected when Mike took WD for his final major! He again took BOW and Jenn had her first champion, CH. Southpaw's Causen-A Comotion. He was completely handled by his owner and a junior at that.

Mike's story doesn't end as a lap dog. It ends on a much sadder note. Mike taught us firsthand about one aspect of why Poms are called the heartbreak breed. Let's fast-forward a couple years just for now to finish Mike's story. When I got home from work one day in December 2002, I noticed Mike was acting strange. Nothing I could put my hands on just different. But by the next night Jenn was hand feeding him, so off to the vet's she went with Mike. The vet did extensive blood work, x-rays, etc. on him. They thought the first night he might have cancer of the kidneys. She said they would give him chemo and call Jenn in the morning with results of the blood work. The vet called her in the morning and said she needed to talk to her. When Jenn got to the vet's, she brought her in the back where Mike was, and Jenn just knew that she was going to tell her he wasn't going to make it, but when Mike saw her, he stood up and wagged his tail. The vet didn't have the heart to put him to sleep at that point. His blood work showed that he didn't have cancer, he had Canine Autoimmune Hemolytic Anemia. He lived for approximately 6 months. His ashes now rest in a silver music box on Jenn's bookshelf.

Right after Mike became Champion Mike. It became Atom and Todd's turn. Atom took his first point the first weekend in August, and he was finished by early November out of the 12-18 month puppy class with two four point majors and also a Group 1 win. What a thrill that was. Todd and Atom were quite the team! Atom was sent back to Sandy a few months after he finished.

Jenn and Todd have put several points on several different dogs. Todd showed a sweet little girl for Linda DeCicco, named Aphrodites American Dream aka

CH. Southpaw's Causen-A Comotion

Star Haven's Rock-N Etta James

Aphrodities American Dream

Shawnee. She just needs that final major to finish. I have usually been “ringside” mom, but I’ve also put points on a couple of dogs and will be in the ring this year for sure.

Jenn has become very active in our local kennel club. She has taught handling class that our club hosts. She has also been the Toy Group judge with Todd as her ring steward for the fun match that our club hosts during the August shows. She has branched out and has shown other breeds that include Boxers, Shiba Inus and Pugs. She has a Shiba Inu that only needs that final major to finish and has finished a pug for a friend of hers. Both Jenn and Todd have been called upon many times to handle different breeds of dogs while they were at shows. Jenn would like to someday become a judge and is already working on becoming a professional handler.

We have met many wonderful people during these years, Donna Majewski and her “flying scissors” as well as Joan Rogenski. We have spent many, many hours just having a great time at the shows. We also met Linda DeCicco through our friends Donna and Joan. We purchased a beautiful black and tan girl from her (Aphrodites Wings of Dreams aka Windy) that only lacks her final major to finish and will be a true asset to our breeding program.

Speaking of breeding, we have done very little up to this point, a couple litters here and there. We even tried a parti litter once. But unfortunately, they all were of pet quality. Any puppies that we have bred up to now have wonderful permanent pet homes and have been spayed or neutered. The more we learned about the Pomeranian the more faults we began to see in the dogs we had. Of course, we know that Pooh, at 12 pounds, was not within the standard at all, and the pups that were produced also hit the 9-12lb range, so he was no longer bred but is now Tiffany’s companion. Although Syble was within the standard as far as her weight, her second litter was by c-section, and we had her spayed at the time. She now keeps my mother company while we are all at work or school. Like many of you, we knew we had to rethink our breeding program. I knew enough that I didn’t breed what I had other than what I mentioned above because all the dogs we had seem to all have major faults, such as size, luxating patellas, etc. So, we placed all the “kids” that we had hoped to be in our breeding program in wonderful pet homes.

Linda DeCicco has really helped us with trying to restart or actually start our breeding program. She bred both Teddy and Mike (before he got sick), but unfortunately, neither produced well. Although we will try Teddy again, as he is well within the standard and a beautiful boy, it apparently just wasn’t the right time.

We also purchased a cute little boy from Linda named Tommy. Unfortunately, he didn’t turn out but he has taken on a much greater role in our family. As I mentioned before, my youngest daughter, Kendra, is a special needs child. She has a sensory problem. She cannot be woken up in a hurry as her skin seems to need to be woken up; it’s really hard to explain but that’s the way it is. Anyway, when I wake her up in the morning, I have to start by rubbing her back and arms so she wakes up slowly. Every morning, Tommy will follow me into her room and jump on her bed, and he has actually taken over for me by rubbing his whole body against her back many times back and forth. And when she’s awake, he licks her face and sits there with her until she’s fully awake and it’s time for her to get dressed for school. Linda had suggested that we sell him as a pet, but he had decided before I could do that that he would be Kendra’s personal therapy dog. We have even brought him to the hospital when my mother was there as Tommy takes his therapy work very seriously. He seems to think that is what he is meant to be, and I have to say, I agree with him. No one taught him, he just does it.

We have a beautiful black boy from Margaret Jennings of Weepawz Kennels in Canada. Weepawz Man in Black at Jenn De aka Manny. He has already taken best of breed twice and will be back in the ring as soon as he coats back up from his

Weepawz Man in Black at JennDe

year shed. We can't thank Margaret enough for this beautiful boy and also her friendship and her continued support and help. We also have a young boy from her, Weepawz Orange Julius at Jenn De aka Julius who will be making his ring debut this summer.

We also contacted Nancy Coddington of Trudy's Pomeranians, whom Linda got her beautiful "Blue" from, and she sent us Trudy's In A New York Minute aka Snickers. Snickers is just starting his show career. Donna Majewski showed him at a two day show in Wrentham, MA in November where he took WD/BOW both days and BOB over a special one of the days for his first points. At those same shows he also took back-to-back Best Puppy and Toy Puppy group 1.

Vikki Oelerich showed Snickers at this year's nationals where he made the cut in the 9-12 month sweeps and took 1<sup>st</sup> in open (ROCS) class. What a thrill for us! She also showed him at the shows following the nationals and placed 3<sup>rd</sup> on Saturday and 2<sup>nd</sup> of Sunday. Thank you so much Vikki! I'm sure it won't be long before he's Ch. Snickers.

We are so thankful to Nancy for entrusting us with Snickers and also two beautiful girls, Trudy's Almond Spice AKA Spice and Trudy's Midnight Serenade aka Sara who will also be making their ring debut this Summer and will be bred to Snickers when they are old enough.

We also have a beautiful boy from Jerrie Freia, Janesa's Tag You Are It aka Tags. Tags was also shown at the Nationals this year. During his visit at the nationals he sure turned many heads. I'm sure it won't be long before he's Champion Tags! We are so grateful to Jerrie for entrusting us with this exceptional boy!

With the help of many wonderful people, and I'm sure I have forgotten to mention someone, we now have some real nice kids that will be in the ring soon. We have a couple waiting in the wings and have a wonderful re-start to our up-and-coming breeding program, I'm sure we will have a bred-by in the ring real soon.

Again, I would like to thank everyone who has helped us in the past and is presently helping us and for all future help. We look forward to many, many more years in the wonderful world of Pomeranians and seeing many of you ringside. May God bless you all!

## Judge's Critique - Erika Moureau

First, I would like to thank all the members of the Pomeranian Club of Central Virginia for inviting me to judge their match. And thank you for the beautiful basket full of goodies!

The match had an excellent entry of 74 dogs, with 66 dogs actually showing.

Quality in the puppy classes was very strong in both sexes, making decisions difficult, since I had only 4 ribbons.

My Best in Match winner was a lovely young male, who moved well, showed well and had great type. If I were still showing dogs, I would have begged for him to go home with me. But, there were several dogs in hot contention with him. On the down side, there were several undershot bites and some close rears.

## National Specialty Results

Louisville, Kentucky - March 8, 9, 10, 2004

By Sally Baugniet

The 2004 American Pomeranian Club National Specialty was held at the Executive Inn, in Louisville Kentucky, March 8, 9, and 10. The motel is located across the street from the fairgrounds, where the all-breed shows are held.

On Monday evening March 8, Ms. Jeanne Ohmann from Louisville, Kentucky, judged 17 Obedience entries. The complete APC National Obedience report can be found in Performance News and Views.

Ms Nadine Hersil, from Cudahy, Wisconsin, judged Puppy and Veteran Sweepstakes on Tuesday. The Puppy Sweepstakes had an entry of 131, with 21 absent. Eighteen Veteran Sweeps were entered. None were absent. Nadine has bred and shown Poms since she was a little girl. She has handled Poms for a long time and does a great job handling and judging them.

# The American Pomeranian Club, Inc.

Sweepstakes Judge Critique - Nadine Hersil

Louisville, Kentucky - March 9, 2004

First of all, let me say what an honor it was to have been chosen by the membership of the American Pomeranian Club to pass judgment on the "future" and the past of our breed.

As I had commented at the banquet, the rear assembly of our breed has improved so dramatically over the last 10-15 years. The problem of the obvious slipping patella in the ring seems to have diminished quite a bit but has not totally disappeared. What worries me more during the last 2-3 sweepstakes assignments that I have judged is the bite problems. Not specifically overshot or undershot but not the correct scissors bite. If you look at the transition in head types we have had over the last several generations going from extreme baby face (such as the Chihuahua head which has a reputation for notorious bites) to the lovely middle of the line heads that are now apparent, it is no wonder that the bites and lack of under jaw have suffered.

Now on to the beautiful puppies. As always, the puppies were breathtaking. There were so many puppies that I would love to have considered higher, but, with the quality in these classes, it just wasn't possible. And the beautiful rainbow of color: black, black and tan, partis, brindles, chocolates, creams, reds and, of course, orange.

My 6-9 dog winner and eventual grand sweepstakes dog Jakin's Splashin In The Rain, who is a beautifully marked black and tan, free-moving, well-balanced dog with great ring presence. 9-12 dog was Magic Touch of Lenette with an exquisite head and type. 12-18 dog Firebrook's Tabasco Fiasco was the winners dog in the classes and completely finished and polished in coat and structure. 6-9 months bitch Showin's Prima Donna is a nice moving young lady with reach and drive for a lovely side picture. 9-12 bitch Chriscendo Career Girl, the winners bitch in the regular class, has an elegance and style that belies her young age. 12-18 bitch InchAllaha's Heavens to Betsie is the complete package of balance and movement.

My most difficult decisions came in the Veterans Class. Those old-timers really gave their "all" and most were so excited to get back in the ring again that it literally brought tears to my eyes. Ch. Heartland's in the Nick A Time (9 yr and older), the beautiful chocolate dog that I placed best in match at his 1st show at 3 months of age and now had the opportunity to judge again at his last show made my skin tingle. After I had literally asked the audience "if anyone else would like to do this?" I had the pleasure of giving the best veteran to Ch. Fox Worth's Five Star Tradition (6-9 yr the class BOS winner). This lady gave everything to this win; her condition, attitude, and movement were flawless. BOS went to Ch. Nickie and honorable mention to Ch. Jolvin's Legacy of Ginger (6-9yr) whose movement was certainly not that of an "old-man."

May I take this opportunity to thank the committee members for their kindness and generosity? Sally Baugriet was a helpful and efficient steward. Remember, club members, that this was your national specialty you are the reason that this event was history making. I was president of this club back in 1980. I suggested that we move the specialty, from New York to a more central location and got some very strange and disturbing looks along with a definite "no." Your support and attendance at this show is the proof that my idea and the committee decisions made since then were not in vain. Thank you all for coming to Louisville, and see you next year!

The APC Specialty was very successful, never a boring moment. We had seminars, a doggy costume contest, match, annual meeting and awards banquet, all of which will be written up and presented by another member for this issue. If you weren't there in 2004, be sure you make plans now to come next year. You won't be sorry!

## Lana's Ain't it Good to B Alive

Congratulations to Becky Sabourin of Wyndlor Poms on your APC Kennel Visit.

Thank you so much Becky for letting your lovely Dudly get together with one of my girls to produce beautiful healthy babies that are welcome additions to my showing and breeding program. Watch for me in the ring this year with Dudly's kids Ronnie and Angie.

Congratulations to Eleanor Miller for over 40 years down memory lane. Your dedication to the breed will be recognized by all Pom lovers forever.

# Ways <sup>n</sup> Means

Greetings one and all.

“Louisville, Louisville, How I love you Louisville.” Can you believe our biggest Specialty of all time came and went so quickly, and didn’t we have a fantastic time?

I attended Specialty for nine or ten years sitting ringside watching the classes, making notes and marking my catalog, watching my Poms compete, hanging out in Hospitality, attending seminars, buying at the auction and savoring every moment. And you know I HAD NO CLUE and it never crossed my mind that there were those hardworking, dedicated individuals who made those Specialties happen. They had invested LOTS of time before and during the show. Catalog ads were sold, trophies were painstakingly thought about and created with the hope that trophy donations would be there, catalog sale tables were manned, T-shirts were designed and sold, ways and means auction items were asked for with the hope buyers would stay after the banquet meal and help support the cause by bidding on donations, hospitality was planned, and folks were there to greet you with food and drink, seminars were planned months in advance, the show rings were set up and plastic put down, tables were set up for vending, a huge banquet was planned, certificates were given out for top performers by an individual who had invested many hours tracking the stats, raffles were planned and tickets sold. I could just keep the list going.

Now, I can tell you based on personal experience, PAYBACK IS TOUGH. I have had the responsibility of Ways and Means the past three years. I’m still not sure how I got the job. I first heard about it when it was announced at the general membership meeting (I’m thinking a close friend who will remain anonymous must have raised her hand on my behalf). Ways and Means is a time-consuming job. Is it fun, absolutely, is it important to the club, you bet, but most importantly I have been afforded the opportunity to work side by side with those individuals that make Specialty happen. They are a dedicated, hard working, fun loving, and professional bunch. If you have not noticed them, as I did not for so many years, you need to take the time to get to know them, volunteer for a committee, meet your APC Board, Officers, Committee Chairs, and find out how their efforts make things happen.

And that is only half of the joy my job brings as I also have the pleasure of working with some of the MOST TALENTED, GENEROUS, FUN LOVING folks ever. You made it happen for Ways and Means again this year with a RECORD BREAKING volume of donations and sales. With the help of superwoman Carolyn Brandenburg we tagged well over 160 items. Beautiful items, handcrafted items, collectible items, items that were purchased just so they could be donated to APC. I had a new comer to our breed that generously donated multiple collectible Pomeranian prints that raised hundreds for APC. It is gratifying for me each year to see those same individuals bring in those very special items again and again, and to experience first hand the wonderful folks that purchase items during the Silent Auction and that stay after the banquet buying items in support of our Club. I think each year that we just can’t top the last year, and yet our members and friends just keep showing that level of commitment, and we just keep growing our ability to support our National Club. THANK YOU. And thank you to all who made Carolyn and my job so much fun. We loved meeting you, we loved the conversation, and we thank you so much for supporting the APC.

PS: Be sure to read this report in the next issue for a list of our auction donors and auction results.

Kentucky = Learning + Fun X (Caring + Sharing)

In the previous issue of The Pomeranian Review, we proudly announced the establishment of the Pomeranian Charitable Trust. In Kentucky, we updated those present of its formation progress and moved into action for initial fundraising. The purpose of the PCT is to be able to handle funds going to the direct welfare of Pomeranians, be it for education, health, or welfare. It allows Pomeranian people to safeguard the funds for use to directly affect Pomeranians. It doesn't draw any differentiation between the show and pet world. Once established, the charitable trust will offer benefactors direct tax deductions for their donations.

The very first activity offered at the National Specialty in Louisville was a very well-attended breeders' education seminar entitled "Breeding Dynamics" presented by Debra Lynch. The first hour included information on basic genetics and highlighted steps to achieving outstanding success. The seminar concluded with a panel of respected Pom breeders and judges evaluating young Pom bitches. As you can imagine, two hours flew by. Our intent is to continue to present seminars of this caliber in the future. And we are looking into the possibility for making similar materials available via CD for those unable to attend in person. Any further developments along this line will be

announced in The Pomeranian Review and the APC web site. Thanks to the generous donation of the speaker's fee, after expenses, the seminar produced \$1365.00 for the PCT.

Right after we watched the very impressive obedience competition, "The Race Is On" Costume Contest commenced. The audience was flabbergasted with the amount of creativity on display! Judges Bob Fiddick and Camilla Knight needed those bribes to help in their very tough decisions. The real Kentucky Derby held in April will be challenged to match the glamour of the Belles and Beaus in their finery, the enthusiasm of those in the infield, or the heart of those in competition. Considering one picture is worth a thousand words, I won't even begin to recount the details of the costumes. All the Poms took up the challenge with their good spirits. But the image that will be etched in my mind forever is the heart displayed by the three-legged, but certainly not handicapped, sulky winner! I have been bribed not to produce a CD of the human competitors singing, galloping, or cheerleading for more audience contributions. This fun activity added \$430.00 to the PCT.

There was another fund-raising project of delicious gourmet chocolate Poms that we attempted for the first time this year. Pom enthusiasts must be on a health conscious effort this spring, for this project barely broke even with expenses. We still must thank Deborah Barrett for enabling this project. It is heartening that people are self-motivated to assist Pomeranians.

The beautiful oil painting raffled for PCT would be worthy of a featured location in any of our homes. It also came to us via a gifted artist Pom lover that wanted to give back to Pomeranians. The raffle raised \$780.00 for PCT. For private viewing, contact the lucky winner, Carolyn Brandenburg.

The perfect nightcap to a wonderful banquet arrived from our loyal Canadian supporters in the form of a \$500.00 check from The Portage Legacy Project. A nice touch were the Maple Leaf flags flying high around that table to the north.

Da-daaa. Bottom line. Give yourself a BIG hand. The PCT total raised at the National is \$3,075.00

Millamor's impact on the breed is legendary! Millamor contributes strong influence in Dream's pedigree by way of Oakridge, Chriscendo, and LLL. It shows in her beauty and performance. I know you will appreciate this picture of Dream untrimmed.

I enjoyed visiting with you in Louisville and wish you continued success.

Dream won her championship quickly with accomplishments that included Best of Breed over specials, multiple Toy Group placements from the Bred By Exhibitor class, and 3<sup>rd</sup> Place All-Breed B\*tch of the Year (APC 2002).

Congratulations to **Becky Sabourin**, Wyndlor Poms and **Debbie Gonyeau**, Jenn De Poms on your Kennel Visits.

## YIPS N YAPS

I wish breeders would put in their ads the correct registered name of the dog they are advertising. Some people only put the call name in their ads, and you even have a very few who are dishonest and deliberately change the registered name for their ads. In my ads, I always put the registered name of the dog being advertised along with the sire and dam plus the breeders name if it is someone other than myself. Let us give credit where credit is due.

## From the PR Editor

As the Pomeranian Review Editor, one interesting area of the job is on-press color correcting, as seen in the photos below.

Editor, Brenda Segelken, color corrects the March/April 2004 Pomeranian Review with guidance from Pressman, Wayne.

Brenda and Shane at the Printing Company.

CSR Steve Fox welcomes Brenda and Shane.

Forty-plus years of memories! There have been many wonderful and exciting moments during that time, and I still have the desire and determination to continue breeding and showing Poms forever!

My entire life, I have always had at least one dog. Being an only child, my parents evidently realized that my dogs were very important to me. As a child, I had two red Chows that I particularly loved.

After Ken and I were married we were living in an apartment that would not allow a dog. We bought our first house, and then we went looking for that small furry Pom.

Our first Pom was a newspaper pup, and I have always said that, if she were alive today, she would still be growing. Our second Pom wasn't any better. I had learned more about the type and quality that I wanted. These two went as pets, and I started over.

We met Leone Ricketts, who had been a Pom breeder, a judge and also was the author of THE COMPLETE POMERANIAN. She guided us to a good breeder

where I purchased my first quality Pom. Leone showed me how to train, trim and groom a Pom and how to enter a dog show. She also taught me to always study pedigrees and to look for type, quality and soundness. I guess I would have to place the blame (or credit) on Mrs. Ricketts for starting me on this enjoyable lifetime love of Poms. My husband recently stated that we could be millionaires today if we hadn't gone into Poms! Our money has always gone to the Poms, purchasing the best Poms that we could find, expenses of traveling all over the country, going to dog shows, show entries, vet bills, whatever dog food that I felt was best, and the list goes on.

I recommend to anyone wanting to breed for quality, do your homework first. Study pedigrees seriously. Go see as many Poms on those pedigrees that you can find. We traveled constantly to dog shows and to the top breeders to have the background knowledge so we could move forward and hope to breed for the quality that we desired.

Ch. Dixieland Rock of Millamor

Ch. Millamor's Jitterbug

Ch. Millamor's Marketta

Always remember those outstanding breeders of the past worked very hard to produce the type and quality that is behind all of our outstanding Poms of today. Give them credit for all that they did. Believe me, they deserve lots of credit and praise.

I graduated from Ohio State University and taught school for several years. I loved teaching, but also I needed the money to purchase the top quality Poms that I wanted. Yes, I really did love teaching. Guess I'd have to say my heart has always directed me to do my best in whatever I am doing.

From our experiences in seeing so many Poms of the past, it gave me the direction that I wanted to go with my love for Poms. I have always wanted a very pretty head, huge coat, as short a body as possible with a high tail set. I want a good front, good body and chest, and then a straight true rear!

One needs to study lots of Poms to determine their own ideas of the type and qualities that they desire as they start on their own breeding program. It is very helpful to have a good mentor to help guide you, but you still need to remember you have to research the pedigrees, study the qualities that you really must have. I wish you the best. Study those pedigrees constantly, and try to see as many of those dogs in person if they are still alive. I feel so fortunate that I saw so many of the great Poms of the past during my beginning days of breeding and showing. I actually saw many outstanding Poms that are behind my Poms of today.

We were invited to Isidore and Gladys Schoenberg's home in San Antonio, TX, the Aristic Poms. What a memorable experience. I feel so fortunate to have had this wonderful opportunity to see all of their beautiful Poms. Ch. Aristic Wee Pepper Pod was my ideal to strive for. We went to Dorothy Bonner's home and saw all of her beautiful Poms. Dorothy was the breeder/owner of Ch. Bonner's Stylepepper Preshus who was a son of Wee Pepper Pod. Dorothy also loved beautiful heads, lots of coat and a beautiful profile. Dorothy was a wealth of information and I had always hoped she would write a book on Poms so we all could benefit from her knowledge.

Ch. Millamor's Marketta

Ch. Millamor's Special Edition

Ch. Millamor's Rock Music

We became good friends of Margaret Tankesley of Dixieland Poms, Chattanooga, TN and visited her often. Margaret had Ch. Dixieland's Style Stepper who was a son of Ch. Stylepepper Preshus. When Margaret had to go in for surgery, we would take most of her Poms to our house to keep for her until she had recovered. We did a lot of breedings together. I loved Margaret's spirit and vitality. I often told her that she sure had more energy than I had and that she must be younger than me. She would carry a big armful of her beautiful Poms up and down her many steps as I came trailing slowly behind her with only one Pom. She had a large, beautiful Colonial home and she was accustomed to those stairs. I have never had many steps in any of my homes. We have done a lot of long distant moving through the years, which isn't easy with all the dogs and equipment.

Another outstanding Pom breeder whom we visited many times was Bob Goodrich, Model Poms in Hampton, VA. I always loved talking with Bob. He always had so many beautiful Pom kids, including Ch. Model's Son Of Fun, Ch. Model's Gold Memento, Ch. Model's Satina, and Ch. Model's Magic Spell. The list of his Poms that I loved could go on and on. Bob was very critical of his dogs and kept only the best. He had old scrapbooks filled with photos and articles of Poms of the past. I always wanted to spend hours talking with Bob to get some information to help me in my breeding program. Those scrapbooks were so full of important information.

Also in Virginia was Thelma Gunter of Thelcolynn Poms. I fell in love with her Ch. Thelcolynn's Tiny Showstopper and was fortunate to buy three of his sons who are behind my Poms today.

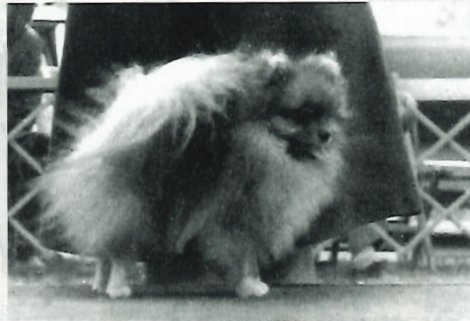

These Breeders were very successful because they kept and used their very best dogs in their breeding program.

Today, I have all of these wonderful memories. I have always bred to get the type and qualities that I want. Even today, when I do breed a litter, it is with the idea that I will hopefully get that new outstanding Pom that I truly want.

I have met so many wonderful people all through the years and have many friends whom I have enjoyed and loved during this time. Being an only child and then having an only child, a son, friends are very important to me. I have

been fortunate through the years to have a husband who shares my love for dogs. This is really a great help, as it requires a lot of time and resources to try to be successful. Ken and I celebrated our fiftieth wedding anniversary in August of 2003. Life has been wonderful. I have definitely slowed down the past five years. I was diagnosed with cancer in 1999. Then a stupid accident while carrying bowls of dog food, I fractured my hip in 2000. After that I was diagnosed with Osteoarthritis. I am still full of determination and love to continue with my Poms. I believe the Poms keep me feeling younger.

I have never had the desire to set any records. All that I ever wanted was to breed and show what I loved. That is why I show my own dogs. I love it.

Probably one of my Poms more familiar with the Pom breeders of today would be my Ch. Millamor's Marketta. I finished her undefeated from the puppy class. She was a champion just past seven months of age. She went on to become the number one Pom bitch and still holds this record at this date.

One of my first loves was a Pom I bred and showed was Ch. Millamor's Music Man. I won five group firsts on him. He developed pneumonia and never could be shown again. I also showed and finished his litter brother, Ch. Millamor's Jitterbug and won a group with him. Their mother, Millamor's Red Mist ROMX, gave me nine champions, two boys and seven girls, which I showed.

Ch. Millamor's Moon Rock was a show dog and a producer. I won ten group firsts and many group placements on him. He produced numerous champions. Many of his champion children were also group winners.

A son of Ch. Moon Rock was my Ch. Millamors Rock Montegram. I showed him to nine group firsts and many placements. Another son of Moon Rock's was my Ch. Millamors Rock Music. I won the Toy Group with him from the puppy class. Also, his litter brother, Ch. Millamor's Rock Dust finished his championship. Another Moon Rock son was Am/Can. Ch. Millamor's Rock Medallion who I sold to a friend in Canada. He produced many champions for her along with many champion grandchildren. Ch. Dixieland Rock of Millamor, also sired by Moon

Rock, can be found on a lot of pedigrees today. He was also a group winner. I showed and finished both him and his litter sister.

One of my Poms that many of you have probably have heard about was Ch. Millamor's Mark Tradition. He produced many champion offspring and grandchildren and is often seen in pedigrees today. The list could go on and on, but I have tried to give you a number of my favorite Poms of the past. Through forty-plus years I have had many favorites.

Most everyone knows that I do not like to ship my Poms. I rarely ever put a Pom on a plane unless it is on the plane with me. Many years ago, I had a female ready to breed and wanted her bred to a male that I greatly admired. My husband and a friend were flying to that city on company business, so I made arrangements for my husband to take the girl with him. He went to the airport, checked her in, and then the two men went to the restaurant. When they came out of the restaurant, the plane had left. My Pom was on the plane, and my husband was still at the airport. I about collapsed! I never tried that idea again.

In reading the questionnaire to write this article, one of the questions is "In your opinion, what is the greatest concern for the Pom of tomorrow?" Well, I do have my opinion. The APC Standard has been revised too many times unnecessarily. Now we have a standard that leaves too much for individual interpretation. The standard is supposed to be the blueprint for the breed. It is supposed to outline the ideal Pom for breeders to continue to work and strive for. It should not ever be changed to accommodate what people are breeding but rather the goal for people to breed toward. In my opinion, the Standard has been opened up to include something for everyone with little regard for the Pomeranian. Also, we need to concentrate on getting high tail sets to give us the beautiful profile that a Pom should have.

Thank you Brenda and Marcia for inviting me to write this article on my memories for the Pom Review. Also, sincere thanks to every Pom breeder of the past and to all of my wonderful friends who have helped me with my breeding program through the years. I love you all! Thanks. Eleanor Miller

## PERFORMANCE

### THE SPECIALTY!

Results are in from the APC National Specialty Obedience Trial, and here they are:

**\*1<sup>st</sup> Place in Open B:** TINY TIM PENDLETON CDX, owned, bred, and shown by Wendy Donnelly. Timmy's great score of 195.5 also gave him **High in Trial** and **Best Bred by Exhibitor**. Timmy actually had his UD title already, but evidently not before the entries were sent in. Wendy dedicated Timmy's HIT to her student, Melody Mizer, who is ill with cancer. Melody trains her Pug and Sheltie in Agility and Obedience.

**\*1<sup>st</sup> Place in Novice B:** LITTLE MISS TURBO OA, OAJ, bred by John Rentschler and owned by Mona Gitter, DVM. My secret reporter calls her Mona Gitter's "I want your attention so I'll bark during the stays to make sure you look at me" dog.

**\*2<sup>nd</sup> Place in Novice B:** TOMMIHAWK CD, owned, bred, and shown by Wendy Donnelly.

**\*3<sup>rd</sup> Place in Novice B:** COURBETTE ENCORE SUMMER SONG, bred by Victoria Leitner and owned by Erika Wilson.

The Non-Regular Classes are always a lot of fun to watch, and here are those results:

**\*1<sup>st</sup> Place in Veterans:** MIL-PINES MIDNIGHT SPECIAL CD, owned, bred, and shown by Margery Sturm. What a great score for a veteran—197.5!

**\*2<sup>nd</sup> Place in Veterans:**

TOMMIHAWK CD, owned, bred, and shown by Wendy Donnelly.

**\*1<sup>st</sup> Place in Brace:**

TOMMIHAWK CD and TINY TIM PENDLETON CDX, owned, bred, and shown by Wendy Donnelly.

**\*2<sup>nd</sup> Place in Brace:** MIL-PINES MERRY MELODY CD and MIL-PINES MYSTIC MIRAGE CD, owned, bred, and shown by Margery Sturm.

We need to institute a "Best Brace Bred by Exhibitor" award, if we're going to have this kind of competition going!

## SPEAKING OF SHOWS

Deb Neufield in Florida wrote this about the people who work to put on the shows we all love. It applies to Conformation and Agility, as well as Obedience:

“Most of us move through life without appreciating the simple beauty around us. We move along past fields of wild flowers without really seeing them; beautiful in their simplicity, they are just part of the scenery we expect and often go unnoticed.

“Obedience trials are much the same. We arrive in time to show our dogs, visit with friends, and go on home without much notice of the event itself. We haven’t noticed the dedicated Club members who worked for weeks or months to set up the event, beginning with contracting Judges. Or those folks who provide hospitality so the Judges are well cared for and can give their focused attention to your performance. The Trial Secretary, who stays up all night arranging things so the event flows smoothly. The person who prepares and mails the Premium List, and the work that went into that Catalog. A Trophy Chairperson, who had some wonderful and unique ideas for what you would win.

“You haven’t noticed the folks who work and sweat to roll mats and set up tables, gates, and jumps—both before and after the event. The people who take a vacation day from work so they can Steward and stand on their feet all day working for you—the exhibitor—without pay and often without even lunch, or maybe with just a hot dog to wolf down; and so many more who never get noticed or mentioned. And like an Olympic performance, when things go well you never notice all the work training, and heart that went into the event we take for granted. Without all those wonderful people—that great Unseen Force—there would be no Obedience trials.

“So the next time you show your dog, stop and look at the rings, the tables, the trophies, the Judges who stand all day, the stewards who stand with them—and try to appreciate that simple beauty. Think about the dedication and work it took to produce the event, and really see the beauty around you.

“Part of that beauty is pride in the eyes of the workers who made the event happen for you. Take just a moment to let them know how much their efforts mean, and don’t forget to take your turn to ‘grow the wild flowers.’”

### IN MEMORIAM

#### **Stillcove’s I Only Wanto B With You CD, NAP, NAJP, OA, OAJ**

Ann Griffith writes from Oregon: “I am devastated to report the loss of my precious Hootie. He died early this morning (February 20). He was 6 ½ years old. It’s impossible to imagine life without him. Hootie and I fell head over heels in love the moment we laid eyes on each other. He was a dream come true.

*Performance Continued on Page 84*

“Hootie was stunningly beautiful and drew fans to him like flies to honey. He wanted to do anything I wanted him to do, at full throttle. In the Agility arena, he was unmatched in his lightning speed, gorgeous jumping style, and the ability to be handled from very far away. He showed the Border Collies how Rally Obedience should be done. He loved Flyball. He loved playing soccer with the biggest ball he could find. The horse play balls were just right. When we snuggled, he wrapped his arms around my neck and hugged me just like a human baby. He slept on a pillow next to my head and watched TV in my lap.

“We had an appointment tomorrow with a tracking judge to attempt certification. I had dreamed that he might be the first VCD1 Pom—he had only the TD left to earn.

“They broke the mold when they made this special little dog. I am beside myself with grief. Please think of me. I know most of you have precious Poms of your own. It is so hard. It feels unbearable right now. I know I’ll get through it somehow, just like we all do, but the pain is horrible.”

Ann, all our hearts go out to you as you work your way through recovery. I am always reminded of Kipling’s famous line, “Brothers and Sisters, I bid you beware, of giving your heart to a dog to tear.” Their lives are so short and especially when the death happens unexpectedly young, but we would not choose not to have had our special friends.

### “EXERCISING” YOUR DOG

When I first started showing a dog (in Obedience, of course!), I had no idea what people were talking about when they told me where I could “exercise” my dog. I had a sort of picture of a Fitness Center with treadmills and four-legged exercise bikes. But I soon learned that exercise, in dog show terms, had nothing to do with fitness. So now, when I really want to talk about dog fitness, I have to put “exercise” in quotation marks!

On the Active Pomeranian e-mail list (join us by e-mailing [ActivePomeranian-subscribe@yahoogroups.com](mailto:ActivePomeranian-subscribe@yahoogroups.com)), there has been some discussion about how to keep a Pomeranian physically fit. A popular suggestion is to purchase a “lunge whip” from a horse tack shop. One list member has an 11 foot whip; another has a 25 footer (she says that way she doesn’t have to run around, but the dogs can “run big”). A toy, a piece of fake fur, or even a piece of genuine rabbit fur is tied to the end of it, and the dog chases it as you move it back and forth. It should be kept just in front of the dog so that he anticipates catching it, and he should be allowed to catch it on occasion so that the success keeps him hopeful of more. I’m off to the horse tack store!

### A FUNNY THING HAPPENED ON THE WAY TO THE TITLE

Wendy Donnelly writes about Tiny Tim Pendleton CGC, CDX, and now UD! Utility Dog is not an easy title to come by, especially with our intelligent, creative little Poms. But Timmy earned his on Saturday, February 14, at the Spartanburg Kennel Club show under judge Rose Doan, with a score of 185. Wendy writes, “Some of these mistakes were my handler errors. I am going to have my trainer duct-tape my hands and mouth shut so I don’t give both signal and verbal commands on the moving stand when starting the heel

segment.” (I hope, Wendy, that you will duct-tape one or the other. You need to give either a signal or a verbal command!)

“From the time of Timmy’s Utility debut at the summer specialty in Des Moines until the time he earned his UD, it took 17 months and 10 days. (What? No hours and minutes in there? But who’s counting?) Part of that time he was showing in Utility A, and the rest of the time, actually less than a year, he was in the B classes.”

“I am proud of this boy. Now to get the application in for the **Pomeranian Hall of Fame**. I’m grinning from ear to ear!”

## DAMASCUSROAD DREAM OF HOLLAND, 10 weeks old

(BIS Can/Am CH. Chriscendo Call to Arms x Bavanew's Gabby on Damascusroad)

Congratulations Alicia Marie Wood for a well deserved 2003 Fourth Place Junior Handler Award with 22 points in your first year of showing, and Best Junior Handler at the Specialty. I would also like to say congratulations and thank you for showing Winston, Hollily's Sparks A Flyin. Winston placed third in the fun match and third in his class, with your guidance, at your first APC National Specialty. You did a wonderful job handling him.

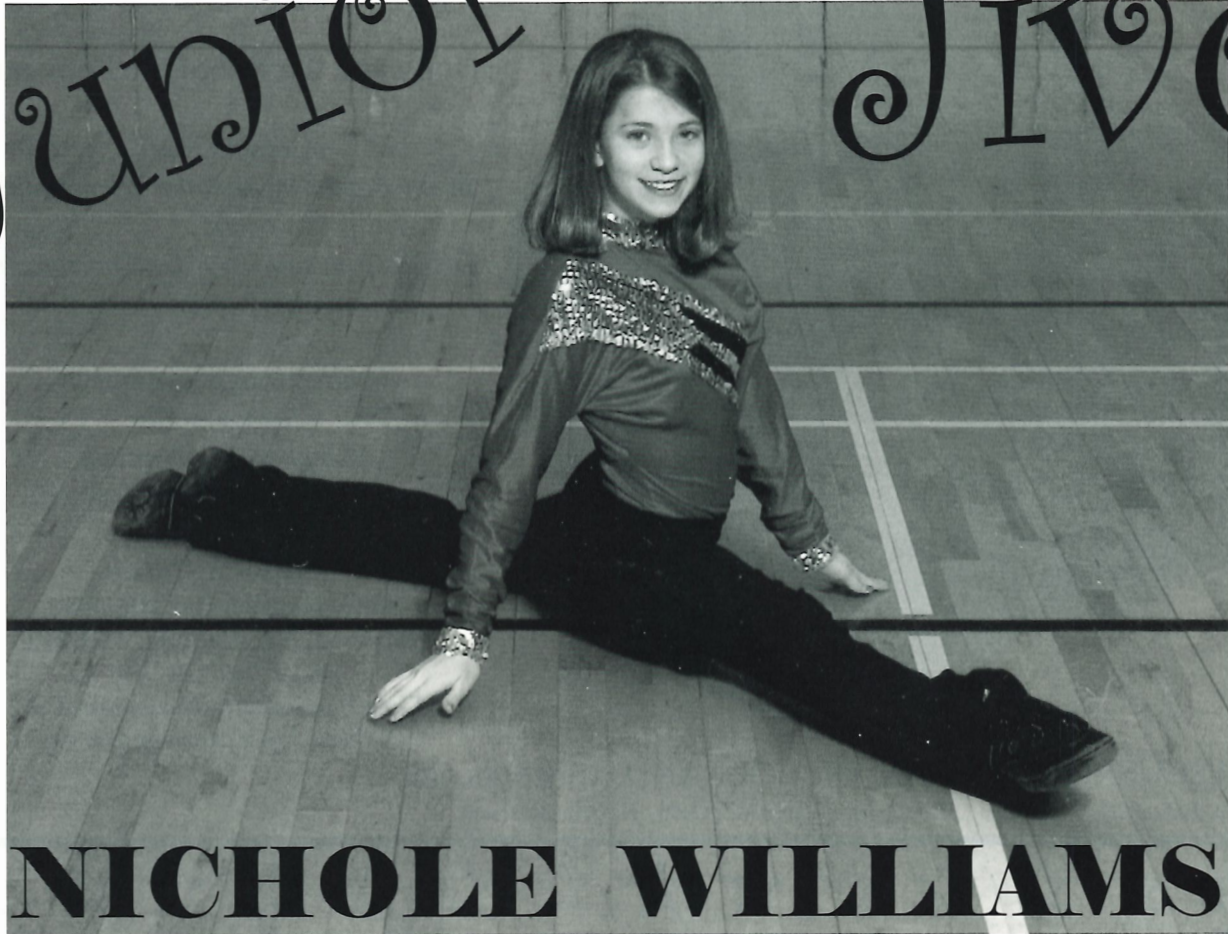

Congratulations to Chris and Winston for his FUN in the Parade of Costumes and second place. I heard he was a true "gentleman".  
Congratulations to Mika, CH. Southpaw Teralee Mis-Behave'N, handled by her owner Leanne Wilkins, on taking second in Veterans Sweeps in the 6-9 years old and taking first in her class of Veterans 6-9 years old & BOS Veterans, Wednesday.

## NICHOLE WILLIAMS

My name is Nichole Williams. I live in Firth, Idaho with my mom, dad, and older sister. I grew up in Rigby, Idaho. Then I moved to Rexburg where I had six sisters and one brother. My love for Pomeranians began when I was ten years old, when we got our first babe, Elusive Toy's Imagine That. We nicknamed her Ginney.

I had originally started showing Wire Fox Terriers at eight years old. I won Best of Breed with my first Fox Terrier, Moe. When I got my first Pom, Cathy suggested I take her into Junior Showmanship. I then got my three wins in Novice Junior and moved into the tougher class, Open junior.

In July 20, 2002, I got my next show dog, Pom Pom's The Andy Man Can. His first time out the following spring, he got his first major of five points at the Jordan Utah shows.

In my spare time, I hang out with friends, play with my dogs, read, and help care for the dogs. At home I spend a lot of time caring for my upcoming show Pom babies. I go to handling classes and our club's fun-matches. I also attend monthly dog club meetings. Our conformation club is very supportive of our esteemed Juniors. I dance for the Firth Pantherettes Dance Team. Then I go hang with friends and go to slumber parties.

In the future I plan, on going to college so I can become a cosmetologist and show dogs for my other career. Also, later, I want to become a foot doctor.

I would like to take the time to thank my mom for taking me to shows and allowing me to make all this possible. Then I would like to thank my dad for being supportive for us being gone sometimes to shows.

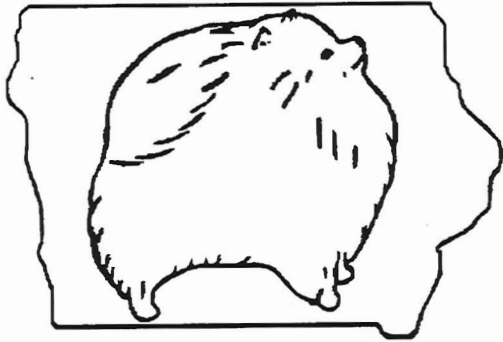

Thanks also to Catherine and Lee – Amber Jessen for giving me a start in Pomeranians. Also, thanks, Ingrid Kooda and Jessica Christiansen for being a good friend at shows.

Thanks to all the wonderful Juniors in the show ring and The American Pomeranian Club. I would also like to say, being in the Pomeranian Review is a great honor. Juniors, don't be afraid to take risk in life to make your dreams come true.

## Greater Des Moines

Our February Specialty was held one week later this year and we didn't have twelve inches of snow like February of 2003.

Sweepstakes Judge Miss Melissa Forneris had an entry of eleven nice puppies.

Best In Sweepstakes was Amber Glow of Lenette, bred and owned by K.G. Griffith.

Best of Opposite Sex in Sweepstakes was Cottontop Missouri Gambler, bred by Linda L. Mulso and owned by Merilee Kraft.

Ms. Terri Lydden judged the regular classes with an entry of thirty-one.

Winners Dog: Bi-Mar's Amazing Grace Red Baron, bred and owned by Mary Rosenbaum.

Reserve Winners Dog: Finch's Dream Come True II, bred by Diane Finch and owned by Wahyune Wibowo.

Winners Bitch: Pawegre Panach'e of Maji, bred by James McKiernan and owned by Patricia Murk.

Reserve Winners Bitch: Bahstoy's Lil Kaufman Trinket, bred by Linda Blessing and owned by Marti Kaufman.

Best Pomeranian: Ch. Pufpride Sweet Dreams, bred by Virginia Dimick and owned by Nobel Inglett and Diane Finch.

Best of Opposite and Best of Winners: Pawegre Panach'e of Maji.

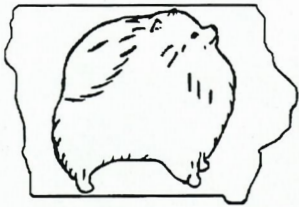

High In Trial was presented to Deb Watson and Shenanigan's Jack Frost UD AX AXJ with a score of 193.5.

As usual we had a nice variety of items donated for our auction. The auction helps finance our club so we can provide nice trophies and put on two specialties every year. Thanks to all who donated and bought the wonderful Pom related items.

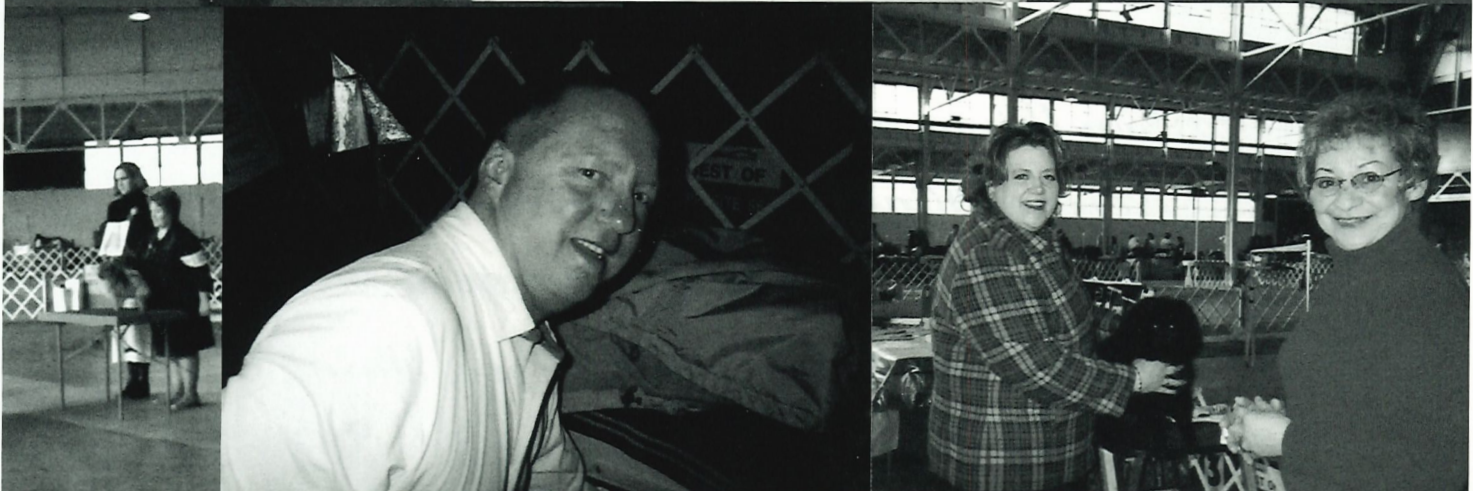

Congratulations to all the exhibitors and winners on the wonderful quality of Poms we had at our specialty. Hope to see you all in September!

## Judge's Critique

Jean E. Almond

Photos by  
Ellen Takayama

It was truly a great honour to be invited to judge Pomeranians at Crufts 2004. The entry was a high depth of quality as you would expect from the most prestigious dog show in the world

My Challenge Certificate Dog and Best of Breed winner Pomanna Silver Arrow at Jacobian commanded my attention as soon as he entered the ring; he is a wolf sable with the most beautiful of heads and expression, a short back with a high tail set, giving that round appearance that is what we want to see in a Pom. In full coat that has the most wonderful coarse texture. He showed with an attitude that said, "I'm the greatest" and he was. He gained his crowning third certificate on the day and became a UK Champion. He was also pulled out in the last eight of the Toy Group.

My bitch Challenge Certificate Winner was Pyropom Melissus, a striking orange sable with a neat overall appearance. Sweetest of heads with a feminine expression, a good dual purpose sized bitch.

It is a day that I will never forget having such beautiful dogs to judge and the appreciation of the audience watching.

The 2004 Crufts Dog Show will be televised May 22 on Animal Planet at 8 P.M. EST.

101st CRUFTS DOG SHOW - ENGLAND - by Ellen Takayama

**CRUFTS HISTORY:** The first organized dog show in England was held on June 28 and 29, 1859. There were 60 entries of Pointers and Setters with only one class held for each breed. The dogs were unidentified except for their kennel names.

By 1870, it was decided that a controlling body was necessary to legislate in canine matters. On April 4, 1873, a meeting was held in London, which marked the founding of The Kennel Club.

After graduating from college in 1876, Charles Cruft turned his back on his father's jewelry business much to the dismay of his parents. His first job was selling dog cakes in London. His employer sent him to Europe to endorse the company, and, while in France in 1878, he was invited to organize and promote the canine section of the Paris Exhibition.

Mr. Cruft started management of some dog shows in 1886 and founded the world's greatest dog show in 1891, putting his name to the event. After a long and successful career, Charles Cruft died in 1938, and his widow tried to continue the tradition by running the shows for a few years. It proved too demanding for her, and she asked The Kennel Club to take it over with the understanding that the founder's name remained.

The first show under The Kennel Club was in 1948 at Olympia. In 1979, there was a change in venue from Olympia to Earls Court and another change in 1991 to the Birmingham National Exhibition Center (NEC) due to the increasing numbers of exhibitors and visitors.

**CRUFTS TODAY:** Crufts is the only championship show that demands a qualifier (either by inclusion in The Kennel Club Stud Book or by appropriate wins at championship shows during the previous year) from all entrants in the show rings. It is officially recognized in the Guinness Book of Records as the world's largest dog show. There are 24 other all-breed championship shows of equal merit on paper in the UK, but none of them is as well-known or as well-publicized as Crufts.

This year's entry of 21,622 dogs (15,000 owners) was the third highest entry ever, with 644 dogs from overseas (22 countries), including 36 from the United States. By comparison, only 2,500 AKC registered champions compete at Westminster, the most prestigious show in the U.S., which limits entries for its event at New York's Madison Square Garden. There were 177 breeds shown with two U.S. judges at this year's show. The show runs four days in five halls with 34 rings in the NEC with over 250,000 square feet of space and there are 400 vendors selling their wonderful wares. It is not unusual to walk 10 miles in one day when you shop at the five halls. Expected are one hundred and thirty thousand visitors, including 5,000 from overseas.

Noted American judge Anne Rogers Clark has said, "You come to Westminster to win. You go to Crufts to show your dog." In England, the family pet is also the family show dog. There are only a handful of professional handlers in England, so mom, dad and the kids look at showing dogs as a family affair. The British are serious breeders, but their philosophy is that it is an amateur sport.

**JUDGING SYSTEM:** To enter Crufts, all dogs must have qualified at championship shows throughout the preceding year. Having qualified, each dog can be entered in an appropriate class either on an age basis or in a class designed to reflect the dog's past show successes; such classes are, in fact, "grades".

There are seven different classes for both dogs and bitches. The first four are age classes, and the last three are classes governed by the dog's winning record.

The first class judged is the Veteran class, which consists of dogs over 7 years of age.

The next is the Special Puppy class which is open to puppies 6 to 12 months of age.

The Special Junior Puppy class is for dogs 6 to 18 months. The Special Yearling class is for dogs 6 to 24 months of age.

The Post Graduate is for dogs which have not won a Challenge Certificate or five or more first prizes at championship shows.

The Limit class is for dogs which have not won three Challenge Certificates under three different judges or seven or more first prizes in championship shows.

The Open class is open to all dogs and is the only class in which the champions can be entered.

Championships in England are very difficult to attain as you are always competing against the champions for the coveted Challenge Certificates. To attain a title, you must win three Challenge Certificates under three different judges, one of which must be when the dog is over a year of age. The Reserve Challenge Certificates are also very prestigious, and the people use them in advertising their wins. Not all shows offer Challenge Certificates, as the Kennel Club decides which shows and where and how many CCs a breed is allowed in one year. Pomeranians have 25 sets of CCs, 5 for the breed clubs and the rest at all breed championship shows. Many breeders may never finish their dog if there is a champion that is winning all the time.

Awards are given for 1st, 2nd, 3rd places, Reserve and VHC (Very Highly Commended) for the first 6 classes. The Open class has the same awards with additional awards for HC (Highly Commended) and C (Commended). Ribbon colors are a little different with Red for 1st, Blue for 2nd and Yellow for 3rd.

**WINNERS:** There were 155 Pomeranians entered, with 125 actually shown. The judge was a breeder/judge, Mrs. Jean Almond of Alteta Pomeranians. Her winners were as follows:

#### Veteran Dogs

1 Veltuds Hot Flame owned by Mrs. M Kelsall of Brookside kennels and bred by Mr. John Powell & Mr. Garry Medcraft of Veltud

#### Special Puppy Dog

1 Janomas Pot Black owned/bred by Janice Moore of Janoma

Dog Challenge Cert. & BOB – Pomanna Silver Arrow at Jacobian  
Bitch Challenge Certificate – Pyropom Melissus  
Reserve Dog Challenge Certificate – Bilijeas Link  
Reserve Bitch Challenge Certificate – Veltuds Rhian

The BOB winner was a lovely wolf sable and beat six champions in the open class, and this was his third CC, which completed his championship. The bitch CC winner was a dark orange sable also from the open class, defeating three champions. The Reserve CC dog winner was a fairly young dark orange dog from the special yearling class. In winning the Reserve CC, he also beat the six champions in the open class. The Reserve CC bitch winner was a deep orange colored bitch from the open class and beat the three champions which were also in that class.

I noticed that most of the Poms I saw at Crufts had very pretty head types with the wonderful layback, which makes their tails touch their heads. Their standard calls for a finer bone; you do not see the chunky legs we see on our American Poms. The Poms were lovely, and I had a wonderful time watching the show as well as shopping until I dropped the following days.

I would like to thank the judge, Mrs. Jean Almond and the winners who were so cooperative in letting me take pictures for the Review. I would also like to thank Pom Judge, Mrs. Jacqui Walsh of Jacquis, for providing me detailed information on how the shows are run in the UK. 🐾

Eleanor, Congratulations on your feature, A Trip Down Memory Lane. Two of my greats, Ch. Thor and Ch. Starlet are grandchildren of one of your greats, Ch. Millamor's Moon Rock. Thank you for these memories and may you be blessed with many more.

Congratulations, Becky, on your kennel visit. Thank you for all your contributions to the Pom world and may the cards hold lots of purple and gold for you.

## Lil-Ponderosa sends "CONGRATULATIONS" to all the APC National Winners.

It was so thrilling to be part of a record setting APC National Show and see so many beautiful Poms in one building. My only regret is that I wish I had enough time to meet all of you. We were overwhelmed, and had a wonderful time for our very first outing with our brindle puppy, "Bucky".

We were thrilled to not only make the cut each time, with very stiff competition, but also to place in the ribbons for every show entered 3 out of 4 days, and then being only one place short. Thank You to all the judges who appreciated our brindle puppy "Bucky" and made our debut so much fun.

Congratulations to Becky Sabourin of Wyndlor Poms, Debbie Gonyeau of Jenn De Poms, and Eleanor Miller, Millamor Poms, and everyone else on their feature in Poms. Our best to all the wonderful Pom people everywhere!

Happy Trails to you.
