## PRESIDENT'S MESSAGE

by **MARY F. CASEY**

60 Wilbur Street  
Raynham, Mass.  
02767

Winter is past and the shows are in full swing here in the New England Area. Wish you could all join us on these pleasant weekends. This is the time of the year that all New Englanders look forward to — sunny skies, mild breezes, picnic lunches and an air of friendliness everywhere.

As you will read elsewhere in this issue — the Proposed New Standard was accepted by an overwhelming majority — 180 for, 30 against. It is now in the hands of the American Kennel Club for final approval and we hope that it will be ready for final printing in the October Issue of the Pom Review.

Marjorie Bullwinkle is hard at work making plans for our 1971 Annual Specialty Show — watch for details — as soon as the judges are approved you will be notified. Please help Marj make Our 1971 Specialty one to be remembered — Start making your plans to support her and the Club in every way you can.

We are starting a new project this year in hopes that it will bring the membership closer together — the success of this endeavor will depend on each and every one of you. The name of the project is C.O.M.E. and Bert Bedell has been appointed Chairman of it. I hope you will all become active in C.O.M.E. Bert will explain it in this issue. Your Officers

and Board Members want to hear from you — Send in your suggestions, help us to do the job you elected us to do.

I am sorry to report that we have lost one of our Local Pom Clubs — The Pomeranian Club of Florida (Miami Area) has notified us that they have disbanded. I am sorry that this happened and only wish there was some way that the members of that club would reconsider and get back together again. On the bright side — A new Pom Club is starting up in the Central Part of Florida, They have a fine group of Officers and I know I am speaking for all Pom Folks when I wish them, "Much Success".

It has been difficult for me to write this column this month, mainly because I know that the ending is a sad one.

Since the last issue of Pom Review we have lost two more dear friends in Poms. Miss Berneice Lovelace, who was a Past Officer in Our Club and for many years Circulation Manager of the Pom Review. Our Sincere Sympathy to her mother and father.

We will all miss Charles Girardot — husband of Our Past President Edna Girardot. Charlie didn't get to very many shows because he had been ill for many years, but he always managed to attend some of the shows in the New England Area and even though he was suffering, he managed to keep people laughing with his witty sayings and jokes. Many of you will remember him taking tickets and selling catalogues at our Specialty Show each year. Charlie was always willing to help until his health no longer permitted him to do so. Our Sincere Sympathy to you Edna,

May They Rest In Peace

**"COME"**

Your President and the Officers and Directors believe that a stronger club can be realized if the membership has an active interest in its purposes and activities. The committee was formed to provide a liaison between club membership and the official family, assuring each member as being a part of our club purposes.

Our country has been territorially divided into geographic areas, and, over each area, a representative has been appointed to provide the liaison between membership of the area and the Officers and Directors. In this way, each member has a representative with whom to communicate who will make your questions or suggestions known to the governing body, the Officers and Directors of your Pom Club.

The Chairman of this committee and the representative to the Northern Area, is Mr. Bert Bedell. Committee members and area representatives are as follows: Mrs. Marlene Scott, Southeastern Area; Mrs. Anne Cowie, Central Area; Mrs. Katherine Probst, Southern Area; Mrs. Phyllis Seeley, West Coast Area. Your representatives will communicate with each member in his or her area in the near future.

As I indicated at the outset of this announcement, the committee was formed to encourage **ENTHUSIASM OF THE MEMBERSHIP**. We shall know it as the **COMMITTEE ON MEMBERSHIP ENTHUSIASM — "COME."** **COME WAS FORMED TO HELP YOU BECOME ENTHUSED IN YOUR MEMBERSHIP, ENTHUSED IN THE WORK OF THE AMERICAN POMERANIAN CLUB.**

When you have heard from the representative of your area, it is hoped you will respond with your letters to the representative from time to time. More on this fine committee will **COME** your way soon.

**FORMER MEMBERS**

All former members of the American Pomeranian Club who were dropped from membership for non-payment of dues **PRIOR TO 1970**, may apply for reinstatement of membership from now until December 1st by including payment of 1970 dues **ONLY**. (No back dues.) Dues are \$7, Single and \$10 for husband & wife.

**IN THE FUTURE**, all members not renewing their membership are urged to write a letter of resignation from the Club. This will protect their right to rejoin at a later date without being liable for all back dues.

**AMERICAN POMERANIAN CLUB, INC.**

This club is devoted to encouraging the owning, breeding and exhibiting of the Pomeranian dog and the protection and advancement of the breed.

We are currently offering membership to all who are interested in these principles and aims.

If you are interested in joining the Club, please contact the Secretary, or if you only wish to subscribe to the "Review" contact the circulation manager. Address on page 3, Review.

Introduces

**Ch. Windsweet of Highland**  
(Subj. AKC Conf.)

**Ch. May Morning Echo of Highland** congratulates his first-born offspring, Windsweet of Highland, on the completion of her championship on April 19, 1970. There is an old saying which states that the perfect dog has yet to be born. Yet, we like to think we have perhaps produced this very thing in Windsweet — the impossible — the ideal — the perfect Pomeranian!! Windsweet cannot be faulted! Flawless for conformation, heavy coat of good orange color, small well-placed ears on a beautiful head, lovely expression with the correct small eye, soundest of legs with the highest of tailsets — and to add to this picture of exquisite perfection, she is a well-balanced, shortbacked, animated showman of breedable size combined with the sweetest of forward temperaments. With her heritage of linebred Aristic and Showstopper background, she is our fulfillment of long years of planned breedings for soundness and type. This breeder's dream come true!!!

## COVER STORY

By SAM ZANEOFF

It is with great pride that I present  
 1. Jeribeth's Golden Duchess, an  
 f-Spring of her very illustrious Sire  
 h. Corn Duke's Dragnofly.

My gratitude is extended to those  
 wonderful people from down Texas-  
 /ay Olga, and Darrell Baker who had  
 ne fore-sight and confidence in me  
 llowing the privilege to purchase  
 uke's beautiful bundle of fluff.

It was love at first sight when  
 Duchess finally arrived from Texas.  
 I knew immediately she was the  
 Pom I had been dreaming of owning  
 one day. She arrived from Texas like  
 a dog right out of Vogue Magazine.  
 It was not long after, I had the  
 privilege to ask the very kind and  
 brilliant handler Mrs. Hermine Cleav-  
 er to handle Duchess for me exclu-  
 sively. We were both confident then,  
 that Duchess would almost imme-  
 diately capture the hearts of all who  
 saw her. Our dreams came true. After  
 just a short time in her Specials  
 career Duchess went on to win the  
 Breeds over top Eastern Competition  
 under some very prominent judges,  
 and then went on to place in tough  
 Group Competition here in the East.  
 She recently received Group I under  
 the very prominent Judge Marjorie  
 Siebern. She was privileged in still  
 this short period to be awarded Best  
 Of Opposite Sex to Best Of Breed at  
 the Pom Specialty here in New York,  
 competing against top Poms from all  
 over the country.

Duchess has just recently been  
 honored when asked to represent the  
 Breed Standard in Dog World Maga-  
 zine. I just suppose one could ask  
 little more of such a truly great ball  
 of fire.

We plan a fine career ahead for  
 her, and it shall be my desire to  
 campaign her wherever possible.  
 Duchess has made me not only a  
 proud owner of a beautiful Pom, but  
 has given me the opportunity of  
 meeting all the wonderful people who  
 have come so much for this beautiful  
 breed, and who have given me the  
 confidence I have felt for this ador-  
 able breed as well.

Again my thanks, and gratitude to  
 the Bakers, to their proud Pom Corn  
 Duke, to all the Judges who have  
 thought so highly of Duchess, and  
 last but not least to our friend, and  
 Handler Mrs. Hermine Cleaver with-  
 out whom we could not have at-  
 tained this great fame.

# 1971 SPECIALTY SHOW

Dear Fellow Pom Members:

Again I have been selected as your show chairman for next year, Again I am asking for your support.

I feel if we start earlier this year we should have a larger entry, more advertising, more trophies and one of the best shows we have had in many a year.

A few facts about our show:

—New Location:

Hotel New Yorker.

(a) Better Facilities, closer to the Garden entrance.

(b) Hotel Accommodations are much nicer, rooms have all been redecorated and are spotless, Rates average about \$1.00 more per night than at the Penn Garden but well worth it.

(c) Parking adjacent to the hotel.

2—Entry Fees (as suggested by the Board)

(a) Regular Classes	\$8.00
(b) Puppies	\$5.00
(c) Sweepstakes	\$3.00
(d) Gate	\$1.25
(e) Catalogue	\$1.50
(f) Marked Catalogue	\$2.50

3—Advertising to be handled by

Mr. Francis Casey

60 Wilbur Street

Raynham, Mass. 02767

4—Trophies to be handled by

Mrs. Florence O'Brien

R.D. 2, Box 334 A

Absecon, N. J. 08201

5—We will have a Hospitality Chairman, Chairman for Door and also for Catalogue Sales, marked or otherwise.

6—Dinner Arrangements are made at the Hotel New Yorker. Send Reservation to Marjorie L. Bullwinkle. Cost: Members and Guests - \$9.50 per person, including taxes and gratuities.

Note: With the cost of living index going up and up this seems like a good price for a full course dinner (sit down - no buffet). Take it from me, being in the Hotel business, I can assure you the price is right and the food will be excellent.

NOW BEFORE WE GET BUSY WITH SHOWING AND BREEDING OR VACATIONS — *Let's pause and send a Check for . . .*

† ADVERTISING

† TROPHIES

† DINNER.

In closing I wish to add that today I have written to the Westminster Kennel Club asking if we could have the judging of Toy Breeds (i.e. Poms, Etc.,) changed back to Monday instead as of last year on Tuesday. I am sure if this was done maybe a few more of you members would join us for the Specialty, and on to The Garden the next day.

Reservation Cards for the Hotel will be sent out to you soon. Remember Date of our Show is February 14, 1971, Hotel New Yorker. Now get ready for it and send in your Requests for Advertising, Trophies and Dinner.

Make this a great show!

Sincerely,

Marj. Bullwinkle,

Show Chairman

IN MEMORY OF  
BURNEICE FITZGERALD LOVELACE

February 22, 1906 — April 15, 1970

Beloved daughter of Minerva and Philip Lovelace.

Longtime and faithful member of the

American Pomeranian Club

Former Circulation Manager of The Review

The following tribute to BURNEICE LOVELACE  
was written by her friend, Mrs. Francis Shilling Althoff.

*Courageous, Willful, Sarcastic, 'Little Spitfire',  
Born on Washington's Birthday,  
So proud, so gay, as she faced Life's every way,  
Eager to win, if only by a nose at the wire.*

*Apple of her Father's eye,  
Her Mother's pride and joy,  
She said her piece and wasn't coy,  
Aiming each day's work for a new high.*

*Idol of her Poms, Jackie and 'Crack-Pot',  
And all the Rest gone to their Reward,  
Mistress and Poms in one accord,  
Loving and mindful of her every word on the dot.*

*She fought her many battles of suffering and pain,  
Always hanging on, though sometimes down for the count,  
Then up with super determination, she'd climb on her mount,  
Somehow able to rise and try again.*

*Her Mother needed her, she had to stay,  
Until she could fight no longer,  
Her Foe had grown ever stronger,  
She slipped away quietly and peacefully on her Mother's Birthday.*

## CONDITIONING AND PRESENTATION

By **HERMINE W. CLEAVER**

Old Baltimore Pike, R.D. 2  
Newark, Del. 19711

(A.K.C. Licensed Handler)

When exhibiting a dog, we must keep in mind to have a well presented dog. We are all out there to win. To be successful, we start by good care at home. Sensible feeding is a must for our Poms.

In the morning, we hand feed a small amount of chopped beef mixed with raw egg yolk and wheat germ cereal. The reason for hand feeding is so the dog learns to bait and to overcome hand shyness.

The main meal, cooked beef with a small amount of beef heart, kidney and liver. This is mixed with a fine kibble, vitamins and oil for the coat.

For a bedtime snack, again we hand feed a few bites of cheese. Once a week, for a treat and change, we serve noodles with chicken. As for vitamins, I never give the full amount as described. I prefer a little less.

It is important to be in close contact with your dog as much as possible.

In the short time that we have had the pleasure to have Poms in our kennel, my husband and I have fallen deeply in love with the breed. We are most fascinated with their beautiful personality and their energetic ways. Their minds are always working. How they keep up in the ring, knowing it is important! You cannot help but love them. They deserve the very best care we can give them.

Now I will try to explain about grooming. First of all, I prefer a good

pin point brush. Regular grooming is a must in this breed, and should be done daily. If the dog is dropping his coat, brush and comb out the dead hair and give him a good bath. You will be amazed how quickly the new coat comes in. Daily spraying with rainwater, gentle massaging and brushing will stimulate the new hair.

To prepare your dog for the show, you want the dog to be as glamorous as you can make him. Think of it as a beauty contest. Nothing will please a judge more than a well presented dog.

Start off by spraying the dog with a good coat dressing. Then sprinkle powder lightly in the coat. Work the powder gently in with your fingers and let it stand until nearly dry.

## A VISIT WITH CATHERINE AND BERT BEDELL

### CABERT KENNELS

by Marye E. Picone

To mix business with pleasure is long sought after goal for some but for Catherine and Bert Bedell it's doin' what comes naturally." Catherine and Bert have their kennel quarters on ground level with their insurance business quarters.

Their kennel includes one room exclusively for males and one room exclusively for females. All of these are equipped with neat little pens. Each is lined with aluminum which makes for better housekeeping and safety says Bert. (You will remember that Catherine and Bert had an unfortunate incident regarding one of their homebred champions and lead-poisoning at a show.) A well equipped kitchen and grooming room see much action each day — as does a training room and patio with runs. To top it off we then add a room known as "Puppyiatrics." No explanation is necessary, I believe!

Catherine & Poms in the run at the rear of kennel. Runs are blacktopped and graded, for ease in hosing off, with a special coating to seal the surface applied every spring.

Much love and affection is showered on the nineteen dogs who reside at Cabert Kennels. And never does the census rise beyond the limits where TENDER, LOVING CARE is not a part of every "little guy's" life. Just as with humans, TLC is essential to produce an emotionally well-balanced dog.

View of bitches' end of kennel. Kennel is air-conditioned.

Catherine and Bert have had dogs of several breeds during their lifetimes. Many years back they had Toy Fox Terriers and sixteen years ago acquired their first Pom from a woman in Islip, L.I. The second came from our 1st Vice President, Katherine Probst. All were pets. But Bert's experience with Poms dates back to his boyhood when he helped to take care of the 4 or 5 pet Poms of his godfather and next door neighbor the famous comedian Victor Moore.

It is always of interest to discover how people got started in a particular breed. It seems that one day while visiting their son, Jan, at Union College, Catherine was leafing through the telephone book and spied an ad

Other end of the kennel. At the far end is located the room containing cages and inside run for the males. Along the far wall, is the grooming bench enclosed by a transparent plastic curtain. On the right, a real utility tub with two formica drainboards. Refrigerator and freezer are just before the sink area.

for Poms. It was none other than Scotia Kennels. Nothing would do for Catherine but to pay a call. Since Edna and Charlie were away at a show, the kennel girl showed Catherine and Bert through. Of course, Catherine fell in love with a tiny female called "Is she". Because of her diminutive size and weight at birth, it was questionable whether she was going to make it in life. Hence, the phrase and title, "Is she or is she not?" "Is she" became "Bambi" to the Bedells. This was 1961, and Bambi was not destined for a long life span as she unfortunately fell from a chair and died hours later. Bambi was replaced by "BOODA", who was to be Catherine and Bert's first show dog. They entered her at Westchester and hired a professional handler. The night before the show a call was received by Bert. The handler was ill. Undaunted three "greenhorns" ventured to Westchester — "Booda", Catherine and Bert. Thanks to the kindness and interest of Edna Girardot the show careers of the Bedells began.

As with many of us, showing dc was not enough . . . to breed w the next step. Their first litter o of Scotia's Cavalier's Starlight by C Scotia's Leacer produced three pu pies. One of which was that famo little fellow — Ch. Cabert's W Christmas Wish. He arrived in th world the day after Christmas weigh ing 2 oz. and it was touch and go to whether he would survive. I finished his championship in 19 owner handled, only to be stricke with lead poisoning at a show. Ne came "Kola Bear" (a Cavvy daughter who was purchased from Scotia Kennels, passed over to Clara Alford, and returned in three months a champion! Kola produced Ch. Cabert Sir Brandon of Kola or "Brandy". Catherine and Bert call him. Brandon began his show career the day Ch finished his Championship. (always shown in Bred-by-Exhibitor class)

Cages for males. All cages are lined with aluminum.

Since variety is the spice of life we find several Black Poms now living at Cabert Kennels. One day the owner of a black bitch contacted the Bedells inquiring for a good orange stud. The result . . . one female

range and one female-black. The black is Catherine's pride and joy, Missy (who needs but three points to finish having acquired the necessary majors.)

View of show training room with rug runners on the tile floor. This area is dividable by the folding barriers which you see on the extreme right into three 6' x 8' areas — most helpful in bad weather. At the end are three doors which are screens and fold to the right to allow a car to be driven in, when wished.

Not to be outdone by Catherine, Bert while reading the local paper, saw an ad for a black male, called, went to look, found the breeding of well-known stock, and now Cabert Kennels has two black Poms.

It is with great pride that the Bedells discuss the thrills AND disappointments which accompany this dog show game, and they are never hesitant to point out that their stock is built upon Ch. Scotia's Gay Cavilier.

As a newcomer to Poms but a veteran dog show participant I have found Catherine and Bert most kind and helpful to novices, dedicated to the breed, and devoted to the advancement of the Pomeranian Club of America!

I salute them!

## HELPFUL HINTS

by **LEE B. HANAWALT**

1115 Logan Road  
Bethel Park, Pa. 15102

Since many of our puppy sales and stud services are arranged through correspondence, good photographs are important. Here are some ideas about taking pictures of Pomeranians.

Have someone pose the dog outside on a grooming table for the pictures and hold the camera on the same level as the table top. This gives better perspective and background than shooting down on top of the dog. Arrange the table so that the background is clear sky or distant trees. If you have a focusing camera, this will give an even blurred background that will not distract from the dog.

Composition of your photo is very important. Don't make your correspondent guess what the dog looks like because it is off in the distance or behind a fence. Get as close to the dog with the camera as you can.

Any camera may be used but some points to consider are speed of development and ability to make close-ups. Since everyone likes to see recent pictures, either home processing or Polaroid is best. Home processing is easy and superior to Polaroid because multiple copies can be made and cropping or enlarging are possible.

Special closeup lens attachments are available for nearly all modern cameras but some experimenting will be necessary to get the whole dog in the picture. It helps to make a cardboard viewer and to tape it to the back of the camera. This is not necessary with reflex cameras.

## THE DELEGATE'S DEPARTMENT

by BERT BEDELL

It was interesting to learn at the last meeting that the American Kennel Club has improved the general financial conditions of the great organization. The increases realized were because the fees for registration of litters and individual dogs have begun to help offset the deficit of operations. We find in looking at the Treasurer's report an increase in the 1969 income of \$1,536,646.00. The total income for 1969 was \$6,178,601.41. This income is comprised of registration fees of all kinds, show licenses and certificates, and all other items.

On the expenditure side of the report, we find that the cost of rent and salaries, together with the cost of office operations, takes a considerable portion of the income. Included in the salary picture, of course, is the retirement plan which was so long delayed. We still find the *Gazette*, as part of operations, in the deficit column, which is ever a challenge to the official family of AKC. We might pause for a moment and consider our publication, "*The Pomeranian Review*." We, too, in offering the publication to our members and subscribers, find it difficult to operate in the black rather than the red. We do have to consider the costs of printing and all other components.

It is interesting to note that in the year 1969, we find an increase in dog registrations for all breeds of 7.0%. The greatest increase was in the Sporting Group, having 16.6% of the total increase of 1969, followed by the Terrier Group with 14.0%, then the Hound Group with 7.0%. All breed groups had a percentage increase, except in the case of the Toys.

The Toy Group suffered a decrease of 2.5%. The Pekes and Poms had decreases of 0.54%, and the Chihuahua suffered the greatest with 1.45%. There were other percentages in the over-all picture of the Toy Group. The report shows that our breed, the Pomeranian, moved from a twelfth position in registration for 1968 to that of fourteenth for 1969. We do not believe that the decrease was alarming, but we all hope for improvement in 1970.

Recently I had promised to make efforts for improvements in the exercise pen facilities at the various shows with, of course, emphasis being made that the small dogs should not have to use the same pens with the larger breeds. I had in mind, also, an improvement in cleanliness of frequency of cleaning these pens and replacement of litter material. I shall keep trying on this project and report as soon as I have information.

It is well to complain, and it is so easy to do so. But there is also a time when we should reflect upon the things that we do in dog showing which can cause others to complain about us. I focus your attention please upon our own conduct and cleanliness from the time we leave the kennel for the show to the time we return. It is proper to say that we are judged by our actions and conduct in every respect.

On our way to and from shows, for the sake of our own safety and that of our dogs, drive carefully. Don't take chances and have full regard for the rights of others. On the way going and coming, if we stop to exercise our dogs, be careful not to have complaints of unthoughtfulness in doing so. It takes but a moment to

remove the objectionables in front of residence or place of business.

Generally, the first place arrived at on the show journey is the hotel or motel where we will stay. While we know it is costly for reservations, we are still privileged guests in that the management permitted us to stay with dogs. This privilege bestows upon us additional care if we are to be welcome in the future. Before writing on this subject, I believed that I should make a personal survey of the matter. I was surprised to learn how really thoughtless we are as guests of the places who will accept dogs. Accommodations are a real problem, and we can increase that problem if we do not take care. I find that the management of most places who have discontinued accepting guests with dogs have real reasons for so doing. Reports show that persons with dogs allow them complete freedom of the quarter while being present and, sadly, when leaving for meals or other reasons. Reports are given me of worn upholstery, curtains, bedding and wanton soilings throughout. Reports are given of dog owners allowing dogs to relieve the call of nature, and some of the larger breeds leave unbelievable messes for other guests to walk into and otherwise soil garments and shoes. Reports show that there are too many cases of bathing of dogs in the bathtub with residue left, including the hair, which surely is a drain clogger. Reports show that dogs are taken along beautifully shrubbed walks of motels and with males, this can be curtains in the life of the same.

All of which, dear reader, sounds like it is up to us to be called "Acceptable with Pets" in the future. This can only be so if we are thought-

ful and reasonably considerate of the rights of others which includes the management where we are "Guests."

I close with the usual hope that you will communicate your ideas, suggestions and complaints to me. I assure you I am here to serve you faithfully.

**CLEAVER** (Continued)

Then brush every hair carefully from the skin up. Do not use a heavy hand. A good test is: when you are finished, there should be little or no hair in the brush. After completing, stand your dog and respray him lightly again, then take a wide spaced comb and style the dog. Make sure no trace of powder has been left.

Now for our black Poms.

It is important to start with a good coat. Black coats are easy to care for, if proper care is given. I spray the black Poms twice daily with rainwater and brush gently. You can use a little coat dressing, if you wish, but rainwater will do just as well. Keep your black Poms away from the sunlight, so their coats will stay black.

The art of presenting a dog is learning to know your dog so that you both go in the ring as a team and not as individuals. When in the ring, there are only the Judge, the dog, and yourself that matter. Very soon the Pom knows his importance and what is expected of him. He will work with you towards his win.

*Editor's Note: In the next issue, we will bring you an article on the technique of line brushing, by Mrs. Lill Ritz.*

### SHOW NEWS

Champion Corn's Duke Dragonfly, owned by Olga and Darrell Baker, was recently awarded Best of Breed for his 100th TIME! at Lake Charles, Louisiana. But Duke did not stop there, but went on to a big splashy BEST IN SHOW that evening — his 17th Best in Show!!! Olga and Darrell report that fans of Duke's often comment that the "old fellow still looks just great — how old is he now, anyway?" Their answer, "Not quite 5 years old!" Duke's career became so notorious at such a tender age that it seems he has been around forever. But in truth, he is still a young, young man!!!

Another excitement for Duke's proud owners — at the recent Ft. Worth Pom Club Specialty, Ch. Corn's Duke Dragonfly was Best of Breed for the 5th consecutive year at the same show — always under different judges, of course.

A "Duke" daughter, also owned by the Bakers, took the big 5 pt. major

at the Specialty, and a lovely male owned by Dorothy Bonner took the 5 pts. in dogs. He is a sable with profuse coat, bearing a striking resemblance to his famous ancestor Ch. Aristic Wee Pepper Pod.

### THE REVISED STANDARD

The members voted to accept the Revised Standard by a vote of 180 to 30, out of 210 ballots returned. The new Standard has been sent to the AKC. It will then be published in the *Gazette*, for additional comments and suggestions, before AKC approval.

We hope to be able to publish the new Standard in the January issue of the *Review*. That issue will be sent to all judges licensed to judge Pomeranians. THIS WILL BE A PERFECT OPPORTUNITY TO ADVERTISE YOUR KENNEL AND/OR YOUR SHOW STOCK.

The way some people drive, you'd think the Government still needed scrap.

## BEHIND THE NEW CHAMPIONS

Three generation pedigrees of new Pom champions belonging to members of the American Pomeranian Club will be printed free, if sent in by the owner. Photograph and additional detail as to owner, breeder and short summary of the show career (not more than 4 lines) will be published upon receipt of \$3.50 and the glossy print. Should a cut of the dog be on file with the Review, the charge is \$3.50.

### FACTS YOU SHOULD KNOW

1 — Dogs do not masticate their food, as humans do. They gulp their food and swallow it whole. Keep this in mind, when feeding Toy breeds, and do not give "chunks" of meat that might lodge in the esophagus. (Our thanks to Mrs. Jack - Shirley-Jones of Exquisite Kennels for this warning. She lived through a night of terror, when a Pom nearly choked to death on a piece of chicken.)

2 — The AKC will not permit the use of a Registered Kennel Name by unauthorized persons. Further, the AKC will try to protect the sole use of an unregistered kennel name, if it has been used by a breeder for a number of years, although not required to do so. Ethical breeders will avoid the use of kennel names or

dogs' names which are reminiscent of other, perhaps more famous ones.

3 — The first Toy Dog to earn U.D.T. degree in obedience was Pomeranian. This top-winning Pom was Georgian's Betty, owned and trained by Mrs. Agnes Niven.

4 — Trimming the Pom's whiskers is not permitted by either the present or the newly approved Standard for our breed. It should never be done.

## THE POMERANIAN CLUB OF GREATER HOUSTON

By MARIE K. HYNES, Secretary

The Pomeranian Club of Greater Houston's members have been very busy this quarter. Dog shows have been numerous and almost every member has had at least one dog entered.

Our third Fun Match was held in conjunction with the Baytown Kennel Club match on May 10, 1970. Complete results are not available as yet, but Best of Breed and Best Puppy went to a young female owned by Tom and Norma O'Rourke. Her full name is "Little Bit." This match was planned very hurriedly with not much time for extensive promotional efforts by Club members, but, in spite of this, we had a nice entry of twenty lovely Poms. Quality of exhibits was excellent — again reflecting the work and efforts of our Club toward breeding better dogs. Many of the youngsters shown will no doubt later bear that beautiful title — "Champion."

Molly Miller writes that her Myway Duke Celou Celae went BOW in Lake Charles on April 18, 1970 — at seven months of age. He also took two points in Montgomery, BOW, making a total of five points from the two shows.

Merle and Tommy Daniels are very proud of their little bitch "Daniels' Pretty Bit of Dragon." She won her first points at Shreveport, Louisiana. The following week-end she went Reserve from the Puppy Class at the Fort Worth Pom Specialty and Reserve at the Fort Worth Kennel Club All Breed Show — all of this at seven months of age. A couple of weeks later she went Winners Bitch again at Lake Charles, Louisiana. Two weeks after this "Pretty" went WB at Mont-

gomery, Alabama. This past week she went WB at Pensacola, Florida. Spectators who have watched "Pretty" in exhibition are astounded by her resemblance to her famous father "Ch. Corn's Duke Dragonfly." "Pretty" is being handled by Mrs. Sharon Griffin.

Tom and Norma O'Rourke's Tono's at Midnight lacks only one point to complete his championship title.

Darrell and Olga Baker's top-winning Pom — Ch. Corn's Duke Dragonfly recently was awarded his 100th Fest of Breed win at Lake Charles, Louisiana — then went on to Best in Show that evening — for his 17th time. It was a really exciting event with a champagne celebration afterward. It seems to everyone that "Duke" has been around forever — setting record wins and carrying the honors banner for Poms — but in truth he is only 4½ years old.

Two more of the Baker's little dogs (both sired by Champion Duke) have been doing nice winning for them. Jeribeth's Dragonfly Dickens now has thirteen points, and a young female, Jeribeth's Sweet Snapdragon, won both of her majors very quickly. Her first 5 point major was at the big Fort Worth Pom Specialty, where Ch. Corn's Duke Dragonfly won Best of Breed again this year — making it five years in a row, which surely must be a record.

Those "Duke" offspring are turning up everywhere. Ch. Jeribeth's Golden Duchess just won a big Toy Group up East for her new owner, Sam Zaneoff. On one recent week-end three of Duke's sons and daughters finished in one week-end.

Our Club is understandably proud that three of our Houston dogs were top winners, Phillips System for 1969. #2 Pom was Ch. Corn's Duke Dragonfly, #3 Pom was Ch. Duke's Li'l Red

## CHAMPION CORN'S DUKE DRAGONFLY

wishes to congratulate his offspring for recent wonderful accomplishments

✦ to Ken and Eleanor Miller for completion of Championship for CHAMPION JERIBETH'S DRAGONFLY DEUCE

✦ to Sam Zaneoff for many Bests of Breed, plus a Group First for CHAMPION JERIBETH'S GOLDEN DUCHESS — (with credit also to her handler, Hermine Cleaver) . . . Watch for "Duchess" as representative of the ideal Pom in DOG WORLD'S Standards Issue

✦ to Ralph and Joyce Graves for continuing Groups and Bests in Show for CHAMPION DUKE'S LIL RED BARON OF O'KALA (with special credit to his handler, Sharon Griffin!)

✦ to Betty Knox for lovely West Coast wins for CHAMPION BETTY'S SIR RAY

✦ to Mrs. A. R. Field for completion of Championships for both CHAMPION MITEY-CUTE STARDUST and CHAMPION MITEY-CUTE CHANSON D'AMOUR

✦ to Mrs. Randy Frech for completion of Championship for CHAMPION MAC'S FANCYDUKE LOOK I'M A DANDY

✦ to Mr. & Mrs. Howard Hale for completion of Championship for CHAMPION SHEEBA'S LITTLE DRAGONFLY

. . . Plus many others winning and nearing Championships.

### JERIBETH'S

102 Elm, Deer Park, Texas 77536

Baron of O'Kala and #4 Pom was Tono's Just Call Me Mister.

Ralph and Joyce Graves' Ch. Duke's Li'l Red Baron of O'Kala went Best in Show this past week-end in Pensacola, Florida.

Barbara Holder sends her thanks to all of those who corresponded with her personally regarding her recent article in Shorty's column of Pom-

eranian Review. Just as she said the end of the article, "surely can't be this easy," well, it can't be it isn't! She is now encountering seasons with no color at all. She work on this and if anything of importance is learned, she will be happy to pass on the information. She once again, thanks all who gave the above-mentioned method of treating vaginal infections some credence.

I am giving her report from the Alderville Hacienda, as follows:

The Holder / Harwood combination is at it again. Ch. Holder's Fireball completed his championship on 3/7/70 in Austin, Texas under Judge Bertram. This little guy (not yet one year old) finished with three big majors.

Because of Shorty's "temporary retirement," I was forced into the ring. In Houston, Holder's Ginger Glow took a big 4-point major and went 1st on her second show out.

We did out "do" at the Annual Fort Worth Specialty (both Leo and I were in the ring). We took three entries and won in two out of the three classes — not too bad with us on the end of the string!

The first of April we finally got moved into our new home and kennel. So far, the kennel is working well. Some things (lots of them) remain to be done, but give us a year or two and we'll finish all our projects.

Sidney Harwood and her mother, Joyce Poore, paid us a visit the first week we were in, and honored our Pom Club in this area with their presence for our first dinner meeting.

The week-end of 4/18/70 Edith Rose and Kenneth Mayes visited us and, as always, we had a roaring good time. Of course, no one ever wants to sleep when the Mayes and the Holders get together — as we try to catch up on all the goings-on at both kennels.

Ch. Holder's Fancy Firefairy presented us with a litter of two females bred by Ch. Duke's Li'l Red Baron of O'Kala. They are lovely, and represent line-breeding at its finest.

## FORT WORTH POMERANIAN CLUB

by MRS. C. A. ELLIS, Sec'y-Treas.

Altho the weather was very disagreeable, with rain followed by snow, the Fort Worth Pomeranian Club Specialty was a big success. There was an entry of 47 Poms with very few absentees. Mrs. Erica Dixon Huggins officiated as judge. The quality of Poms are better each year. Judge Huggins made the comment that there were several which could be finished easily.

Winners are as follows:

- ✦ BB — CH. CORN'S DUKE DRAGONFLY. Owner: Mrs. Olga Baker
- ✦ BOS — CH. LITTLE MISS SKEETER OF O'KALA. Owner: Mrs. Joyce Graves.
- ✦ WD, BW — BONNER'S PEP-R-SONG WEE BEAUTY. Owner: Dorothy D. Bonner.
- ✦ WB — JERIBETH'S SWEET SNAP-DRAGON. Owner: Mrs. Olga Baker.
- ✦ RWD — NAP'S SUN-SER-RAY-SER-SON. Owner: Betty L. Naprstek.
- ✦ RWB — DANIELS' PRETTY BIT OF DRAGON. Owner: Mrs. Merle Daniels.

Our sincere thanks to everyone who helped us make this show possible. By receiving all of the trophy donations, advertising and especially those entries makes us more appreciative of our loyal supporters.

Our thanks also to our hard working members who helped to raise funds for this show by having fund raising campaigns.

As always, the after show dinner, climaxed a most enjoyable evening.

It was such a pleasure to be able to relax and enjoy the dinner, but most of all the good fellowship of other breeders and dog fanciers. Everyone was so nice, and commented on how much they enjoyed the show, and expressed their appreciation of the work done by the club in putting on this show.

It is most gratifying when everyone shows such enthusiasm, which

makes us want to work ever harder next time. We shall be looking forward with great anticipation to our show next year and to seeing our many friends again.

## NORTHERN CALIFORNIA POMERANIAN CLUB HAPPENINGS

by **CHUCK REYNOLDS**, President

FOUNDING CHARTER PRESIDENT, D. H. "BUD" KNAPP accepts N.C.P.C. Life Membership from current President, Chuck Reynolds on Club's 10th Anniversary. Looking on are Club Officers, l. to r., Sec. Dolly Trauner, V.P. Julie Moreno, Treas. Fred Palmer and V.P. Elsie Schutz.

The "Year of the Dog" saw the completion of ten very active years of the Northern California Pomeranian Club. The 10th Anniversary was commemorated with a Luncheon celebration for our April Meeting at the lovely Marina Inn in Sacramento, California. It was apropos that the celebration be in the Golden State Capitol as it was the birthplace of the Club in April of 1960. At that meeting (ten years ago) our founders, D. H. KNAPP, CHUCK REYNOLDS and former member, JO ANN

SCHROEDER SPRIGGS conducted the first meeting with 44 members in attendance. The Club now averages double that amount with annual events of two Specialty Matches, two Specialty Shows (one with decorated bench), Recognition Awards to Outstanding Members and Top Winning Pomeranians, Award Winning Newsletters and regular Educational Programs. The Club roster includes Pomeranian Fanciers throughout all of Northern California with several from areas in Southern California as well

as some from as far East as Massachusetts and New York and to the South in Florida. There are also Club Members in Japan and England.

The "Guest of Honour" at the Anniversary Party was the Founding Charter President, D. H. "BUD" KNAPP. As current President, it was this writers pleasure to present Bud, on behalf of the Officers, Directors and Members, a LIFETIME MEMBERSHIP to the Northern California Pomeranian Club.

Bud Knapps emotional display in accepting a Plaque designating him as Life Member left no doubt in everyones minds that he was completely thrilled and surprised. After he had re-gained his composure, Bud gave a very fine talk in which he paid tribute to the many hard workers in the beginning years of the Club. He complimented the many activities and accomplishments of the Club which has caused the N.C.P.C. to be strongly recognized throughout the nation and the influence this strength has for the future of the American Pomeranians. He pointed out the many members who, since joining N.C.P.C., have through their efforts to maintain and improve the Breed, finished one or several Pomeranian Champions. He predicted a great future for the Northern California Pomeranian Club and its Members.

As President, it was also a great pleasure to individually introduce each of the Members present and publically acclaim them for their personal accomplishments in the Breed and thank them for their particular efforts during the wonderful ten years of N.C.P.C. activities. The Charter Members present were

given special recognition from 1 fellow Members. It was a very p day for the Northern California P eranian Club.

As you will be reading this in J you will be sharing the excitement the Northern California Pomeranian Club Summer Specialty at the Gol Gate Kennel Club Show in the gantic San Francisco Cow Palace. Club will consider this Specialty a Memorial to its Past President, V "BILL" HOFFMAN. A large beautiful Challenge Trophy, made possible through the donations of his friends to the "WILLIAM HOFFMAN MEMORIAL FUND", to be awarded to the Best Pomeranians in N.C.P.C. Specialty Shows. In addition to this, many individuals have offered lovely Memorial Trophies to be awarded to the winners from Best of Breed on down through the various classes. Also, the N.C.P.C. is offering their usual exclusively designed Ceramic Trophy for all Top Winners and 1st through 4th in all Regular and Non-regular Classes. The Trophy Table will truly be a sight to behold. Mr. Joseph F. Engel will be the Judge for this Memorial Specialty.

The entire N.C.P.C. Membership joins together to wish their New York Members, CATHERINE & BERT BELL, sincere Best Wishes and Congratulations on their American Pomeranian Review Visit to CABER POMERANIAN KENNEL.

The Northern California Pomeranian Club held its Annual Election Meeting in April at the home of Past President, FRED PALMER with his gracious wife, HELEN as hostess. One of those famous N.C.P.C. Pot Lu

I showed him to his Golden Gate & Santa Clara wins.

He gleaned 6 pts., one a 4 pt. major.

All before 10 months of age.

I also have chosen 3 choice bitches from the Mar-Van Kennel to go with him. My good friends the Tompkins have my blessings and the bitches and "Lennie". They will carry on. They are well liked by all.

Look for them at the shows.

Their prefix is "Chiefs".

## OBEDIENCE

### RING

by **EMMA HEYDE**

170 Chicago Way  
San Francisco, Cal.  
94112

To liken a tiny Pom to a pugilist seems a bit far-fetched; however, as with the old fighter when he hears the bell and can't resist jumping up to start punching, so we have a little obedience Pom who just won't stay out of it and who is in there trying for the U.D. degree even though less than a year ago his loving owner retired "Bay-Lee Snooks, C.D.X." on account of poor health (see Pomeranian Review, July 1969.) Above all Jeanne Adams wants to keep "Snookie" well, but she does also want to keep him happy and that is why she took him along to the training classes after his retirement because he wanted to go so badly. All he was supposed to do was sit at the sidelines and watch, but between each exercise he would run out on the floor all excited to go to work.

So, Mrs. Adams checked with the veterinarian and it was decided to let him try. Now he seems to have made a complete recovery and is feeling fine, and they are going to a trial now and then. Of course he is being very carefully watched so as to not impair his health. "Snookie" is the typical Pom in obedience — a crowd-pleaser and loving the attention. Jeanne says he is always looking for applause and will turn circles and dance around just to get it. (This is not the best way to get a perfect score — but what a pleasure to see a dog enjoying obedience work so, and don't forget that the judges know

what the rules say about the "happiest working" dog.)

At a recent show in Rhode Island this little "sharpie" started to come straight in on the directed jumping, but all of a sudden remembered that he was supposed to do the jump, turned around and went back — over the jump! Another time in a match at Rhode Island he went out just fine for the directed jumping exercise but when Jeanne sent him over the jump he just sat there, first looked at her, then the floor, then the jumps and then the rubber mats — *then only* instead of going diagonally to the jumps he ran across the mats and made a right angle turn and went over the jump. He did the same thing on both the bar and the high jump that day — you see, he doesn't like a slippery floor and figured out all by himself how to get over the jumps without going on the bare floor. A favorite trick of his is to make several circles on his way out to the directed jumping, also to go over the high jump and look the crowd over — if people are watching he will turn around several times, then grab the dumbbell and bring it over the jump. We hope soon to have the good word that "Snookie" has made his U.D. — how can he do otherwise? Best of luck to him and Jeanne Adams.

Want some good obedience reading? Be sure to get the excellent book, "Your Pomeranian" by Pauline Hughes (Denlinger). A section is devoted to the Pomeranian in obedience and this contains some very interesting information, along with the most adorable pictures ever. An intelligible and worthwhile chapter entitled "The Pomeranian and Obedience Training" was written by Wanda Roach of Modesto, California, author of so

## RINGSIDE

by K. BIRK

51 N. N. 38th Ave.  
Fort Lauderdale  
FLORIDA

If anyone is interested in taking a chance on the weather, a place to stay AND the high prices in south Florida during our peak season; here are the dates for our 1971 Jan. circuit. Jan. 9 — Jax'ville, 10th — Daytona, 11th — Orlando, 13th — Sarasota, 14th — Bradenton, 15th — Clearwater, 16th — St. Pete, 17th — Tampa, 21st — Palm Beach, 22nd — Ft. Lauderdale, 24th — Miami (all breed).

The above is the revised schedule given us at the last open meeting of the Fla. assoc. of Knl Clubs Inc. This is a group, made up of delegates from all the member clubs of the state of Fla. for the purpose of, AMONG OTHER THINGS, organizing the best possible route for you folks to follow to cover the state of Fla for the shows. I mention this only because I had not heard of such an organization before coming to Fla. therefore concluded maybe some of you had not.

There is a new gal in Fla. making a name for herself these days, she is Oak Hill Sassafraz. At the Macon and Atlanta Ga. Shows she took W.B. and B.O.S. At Columbus, Ga. she was V.B. and B.B. She is owned by Geri Kabel who incidently, has waited a long time for a winner so we hope this puppy does it for her.

The cute little fellow Caroline Altwater was calling "Nutty Pat" on our circuit in Jan., is now respectfully

known as CH. Stylish Patrick of Spungold.

We Birks took advantage of a couple of matches to keep our Socko in Training for the coming shows. He got a group first at one and Best Adult, Best of Breed in a fun match given for a limited number of breeds by the new Shih Tzu club. If it is possible to get a coat and blow it at the same time that's what is happening to Sock Everyone down here says I must keep him in air conditioning.

A large percentage of my mail agrees that we have made progress with our Poms but also are concerned about the petty likes and dislikes. With all our achievements and failures it serves no purpose to dwell in a contraversial fashion upon either personalities or picayune points. The constructive approach is to learn from the past how to solve the problems ahead of us, in a manner that will be complimentary to the supporters of the Poms we champion.

First and foremost, our local or area programs should conform to the ones adopted by the parent club, namely that every step of advancement must be looked upon with Pride and Honor without exception, with only the betterment of the breed in view as the objective.

The strength of the Parent club lies in the breed support throughout the nation, with all fanciers co-operating to a common goal. This can't be accomplished if there are personal axes to grind or if the motives are short of true sincerity.

The area affiliated clubs are an instrument, if properly managed, that will make for FRIENDLY RIVALRY. The exchange of show visits, educa-

tion and instruction are most important for those new owners. Members should always extend a helping hand to those wanting to learn and not even knowing what questions to ask. The area club can also serve as an outlet for the breeders, who are surely deserving of a little "horn blowing".

A few of the more "fearless" Pom-eranian fanciers of the state of Florida have gathered together, and God willing (with the A.K.C. approving) will soon have a successful, fruitful club with a lot of enthusiastic hard working members.

At the first meeting it was voted that the pro tem officers are: President, Ray Wine (Clearwater); Vice Pres., Karl Kabel (Winter Haven); Secretary, Geri Kabel (Mrs. Karl); Treasurer, Faye Wine (Mrs. Ray). Board members are: R. E. Altwater, (Jacksonville); Jack and Jo Pitts, (Hollywood); Ted and Kathryn Birk, (Ft. L'dale). The 10th charter member is Caroline Altwater, (Mrs. R. E.). She was immediately put to work as historian. A second meeting will be held soon in Orlando.

We are hopeful that the club will have complete support of all the Pom fanciers and that we all will be as "SWEET & LOVABLE" as our Poms are. Think we can do it?? Lets try real hard . . . Miracles DO happen.

---

#### HINTS (Continued)

A show stance is not the only pose that can be successfully used. Try various views including front, head, sitting, and group shots. There is nothing more appealing than several pom puppies showing their devilish grins.

WEEGOLD POMS

7477 Old Troy Pike

St. Paris, Ohio 43072

Well. Spring has finally arrived here in the Midwest and along with the Daisies and Johnny Jump Ups — the buttons are popping too — down Louisville, Kentucky way. Mr. & Mrs. James Coy and Jane Johnson finished their first champion bitch. What a thrill as I can well remember! There is nothing to compare to that first champion!! Jane says they just go to the pen and stand and stare at "Tammy". They have done well in the three short years they have been in Poms and Weegold is proud to have had a very small part in that success. "Tammy" was very ably trained by handler Bill McCoy.

Also had a nice letter from Mary Hammond in Missouri and she says it's all over but the shoutin'. Roswood's Casanova finished his title with 4 majors under 4 different judges at 11 mos. of age. I saw the wee one at the Louisville, Kentucky show and he is indeed lovely. Mary has other young hopefuls out so I am sure we will be hearing from her again soon. Congratulations to all!

Joyce Ohrtman from Wisconsin writes that after raising Poms for years they have come up with a little female they are proud of. Her winners are as follows. At the St. Joseph K.C. show under Judge Mrs. Clara Alfred the best of breed went to Ch. McKamey Just A King owned by Jesse and L. Vauhn Chittenden. Winners dog and best of winners to Mary Hammond Casanova. Winners bitch and best

band Walter. Sharon was waving Amber's ribbon and dancing up and down like the doll she is. Amber came thru with flying colors and a score of 194 plus for her first leg. Amber acted like an old pro but her owners were on cloud nine and I don't blame them. Since Amber is bred, wonder which event will come next? Her babies or her C.D. title!!!

The next day was the Dayton K.C. show held in Hara Arena. There is really ample space for all at this show. The Judge was Mr. J. J. Dunan from Atlanta, Georgia. The Coy's from Louisville, Kentucky had a thrilling day with winners both sexes. Their Skylark Keen Coy Banner better known as "Keeno" was winners dog, best of winners and best of breed allotted to these wins by handler Bill McCoy. Their Coy's Petticoat Princess known as "Tammy" was winners bitch and best opp. sex. Quite a day for the Coys and Mrs. Coy's sister Jane Johnson. Reserve winners dog went to Ruth Doctor's "Imp" and reserve winners bitch to Pat Hopkins Windsweet".

The following week at Columbus, Ohio was a rainy day but the show was held inside at the Veterans Memorial Bldg. It was an unusually small entry for veteran Judge Melbourne F.L. Downing. Winners dog and best opp. sex to Belview Yip - Sa - Me - Flame owned by Mrs. Leslie W. Bell. Reserve winners dog to Pat Larrissey's puppy, Ringmaster. Winners bitch, best of winners and best of breed to Mrs. Edith Roberts Oak Bark's Preshs who I believe is real close to the title, handled by Evelyn Schaffer. Reserve winners bitch to Marie Beckner and her Rose-Lee. Well, Sharon Kinney and her Amber did it again — second leg. Will she get the third leg before she has other duties to

attend too?? Keep up the good work Amber and Sharon!

A very nice entry of Poms at Toledo, Ohio for substitute Judge Raphael J. Schulte. Winners dog, best of winners and best of breed to Charles Richard and Edward Ustilla's Bonner's Wagadore Windfall handled by Shirley Chambers. Reserve winners dog went to Mary Sayer's Sunnyridge Casey. Winners bitch and best opp. sex to Coy's Petticoat Princess, owner James Coy. Reserve winners bitch to Pat Hopkins Windsweet of Highland. There were really some lovely Poms at this show and decisions were hard. It was a beautiful day and I really enjoyed the drive back to St. Paris.

Lima show day loomed bright and clear. It was another one of those thrilling days for the Coys from Louisville as they had winners both sexes and their precious "Tammy" finished for the title. Their "Keeno" handled by Bill McCoy was winners dog and best opp. sex for his first major. He has several points now and I believe close to finishing also. Reserve winners dog was Mu-Ra-Jo's Wee Conquest owned by Josephine Murphy and handled by Lorraine Heichel. Winners bitch and best of winners to "Tammy" and Reserve winners bitch to Wilma Jean Brown's Mayken's Wee Magic Step handled by Bill McCoy. Best of breed was the lovely black Ch. Phynor Black Queenaire owned by Phynor K'ls. and handled by Lorraine Heichel.

The next day was the Northeastern Indiana K.C. show and also Lexington, Ky. At Lexington the show was held outside at the Keeneland Race Track and I guess even though it is May, it was quite chilly for all. Winners bitch went to Dixieland's Dia-

And now may I close this column  
with a poem written by June Coy  
welcoming their new champion home.

#### TO TAMMY— OUR FIRST CHAMPION

There may be other Champions  
We surely hope there will  
But Tammy, dear, your little shoes  
No other paws can fill.

You've always been a darling  
And brought us so much pleasure  
Your trophies and your ribbons  
Are things we'll always treasure.

So here's our thanks to Tammy,  
A "Champ" from the beginning  
Who, after capturing all our hearts,  
Topped it off by winning.

What a nice thing to do to welcome  
a new champion home. Guess the  
Coy household had welcoming posters  
thru-out and prominently displayed  
on the front door. Also a cake was  
wanted but it was too late for the  
baker to co-operate by the time the  
word had reached Louisville that  
"Tammy" had finished in Lima, Ohio  
and would be home late that same  
night.

Don't forget — send me YOUR  
NEWS. See you all at the shows!!!

## WESTERN ROUNDUP

by **JOHN THYSSSEN**  
14810 Raymer Street  
Van Nuys, California  
91405

A young star of the California shows since the first of the year is young male that was owner bred and handled by Louise Rosbury. His name is Ce-Lou's Cav's L. Bernstein. Bred by Louise, he picked up wins one on top of another in very stiff competition. I understand he is now owned by Mr. & Mrs. Tompkins from the San Francisco area. He is a lovely dog that is doing his own thing.

Another male pom to hit the shows is now Ch. S.A.M.'S Gayblade Sandbl. Handled by John R. Thyssen, he finished in 8 shows as follows, 1 reserve, 1 Best of Winners, 6 Best of Breeds, 1 group 2, 1 group 3, all from the classes. In three Best of Breeds he defeated a special each time. Gayblade was bred by Shirley Miller and is now owned by Pat Greeneisen and Shirley Miller. Incidentally, S.A.M.'S stands for Shirley Ann Miller's. From now on Shirley's poms will carry the prefix SAMTAM in memory of her beautiful Ch. Sam's Terrific Tammy, who was lost giving birth to her first litter, 63 days after completing her championship. Ch. Tammy was one of the favorites that I showed and will be remembered long by ringside spectators that she would capture, win, lose, or draw because of her excessive amount of energy and style.

In the bitch department the last few months have seen two really running bitches being shown, and

both have finished. The first being Ch. All-Star's Hadleigh Dollita owned and shown by Art and Joy Davison. Dollita won very consistently without the help of a professional handler. It can be done. The other bitch is now Ch. Mar Van's Dutchess De Ora. This bitch is an outstanding bitch, and what makes it more so is the fact that she is five years old and has had 4 litters, and still has legs that no one can dispute, coat to match any special, male or female. I offered to give her a home if Van was crowded for space, but I don't think he went for that. De Ora was handled by Betty Naprstek. I saw a lovely black son of Ch. Corn's Duke Dragonfly on the New Mexico circuit. His name is Tono's at Midnight. He's loaded with coat and moves beautifully front and rear. At this time he lacks one point of his championship and will probably be finished by the time of printing.

He is handled by Gene Blake from Texas. I enjoyed meeting him and his wife Ann on the circuit.

The Southern California Pomeranian Club held their spring match on May 2 and everything was lovely. Beautiful grounds, shade and grass. Best adult and Best In Match was Shaunatuma's Lady Puddin owned by Billie Daws. One year ago at this match as a three month old puppy, Dudley Roach judge placed her Best junior puppy and Best of Opposite in Match to her father who is now Ch. Shaunatuma's Wee Tinker Toy also owned by Billie. Puddin is a bitch with lovely expression, clear color and very sound legs. The following day at the Santa Anna Kennel Club point show Puddin was awarded Winners Bitch and Best of Winners for a 4 point major, judge Mrs.

POMACRE KENNELS

Mereta Route  
San Angelo, Texas

So many things have happened since last issue but the early spring recruits are over and the summer slump in our part of the country is upon us. The Texas Circuit proved a copper at the beginning as far as Shorty was concerned. After six months on the road and 35,000 miles more or less, with shows in many states and finishing 14 dogs, 7 Poms and 7 other breeds, for their titles, he cratered.

The Florida and Georgia shows were real nice and he enjoyed them but was feeling ill, came home and left for Oklahoma then on to start the Texas Circuit. In Austin and San Antonio he finished 3 Poms and a Keeshond, all with 5 point majors, after the last Pom finished in San Antonio he checked it to them and headed for home. More dogs were waiting to start and our daughters Keeshond bitch still needed 3 single points to finish but he felt that this was a good time to take the Dr's. advice and call a halt.

On his Dr's. advice he has lost twenty pounds, (I hate Him), and is making it easier. So he is feeling much better and may be able to avoid surgery for the time being.

Now he is kennel building, more runs etc., landscaping this acre, general boarding and grooming and all the other many chores that goes along with living. Its still work but of a different variety. The pressures are off, the long hard drives with

time tables to meet and dogs to be shown. I always enjoy and look forward to April as it's the kennel maid's (me) vacation time. I had a wonderful three weeks visit with our children and grandchildren in New Orleans. I was there during their Spring Festival and enjoyed the garden tours and trip up the coast to Gulfport.

On the way down I stopped in Houston and visited with Barbara and Leo Holder. Had a ball and their new home and kennels is just the Most, especially Barbara's bathroom, a real conversation piece. We went to the dinner meeting of the Houston Pom Club. It was so nice to see the Bakers and all the Pom folks. Their club seems to be going great and they have some very good plans for the future, and are hoping that they will soon be recognized by A.K.C.

On my way home I came to Shreveport, La. Visited with the Crawfords, long time Pom breeders. Saw all their Poms and new kennels and it was really nice. They are so gracious and all the 45 Poms greeted me with love and kisses.

We have very few point shows in our region (500 Mile radius) in the summer as it is so very hot, but most of the clubs do have sanction matches to keep the young ones coming along. They are really so much fun, sometimes I do wish people at the point shows had as much fun and fellowship, and all round good time. The pressures are off, the people relaxed, the dogs happy, and everyone so kind and courteous to each other, its a shame we don't act this way at a point show.

To Barbara Holder and her lovely new Champions, To Dr. William Field and his new Champion, and to Mr.

## TALC — IS IT A KILLER?

by PAT HOPKINS

How many of us breeder-exhibitors use talcum to groom our Poms for the ring? I, for one, have been using it for years. It does a gorgeous job of separating the hair and gives a lovely well-groomed look to the dog. But, with recent newspaper articles on the dangers of inhaling talc, I'm beginning to come to the conclusion we all should recognize the probable danger in using it. The first article I came across, mentioned teenagers and glue sniffing, also stating the fact that they were breathing in aerosol containers and that some of these containers had talc which was poison to the lungs. This gave me pause to think, especially when at the same time I heard of a Pom dying of fluid-filled lungs. Could there be any connection? So, in discussing this with another Pom breeder and asking her opinion, she told me of one of her Poms with pneumonia and another having lung congestion. She too is beginning to wonder if these conditions could be brought on by talc in the lungs. Then a few days later, my handler gave me a clipping from a newspaper, titled, "Baby Powder Kills 2000 Infants a Year in the U.S." Some of the findings in this article are as follows. Talcum powder is good for baby's skin, but that is all it is good for, is the opinion of Dr. Martin Keogh of the Department of Health. It is absolute poison to the baby's internal organs. He personally believes over a quarter of a million infants have died from talcum powder and many millions more have had their life spans cut short before they really got a foothold in the world.

Talcum in its most refined state is a mineral derivative of talc rock,

heavily purified and ground to the finest powder. Everytime a container is used, a certain amount escapes into the air. Because it is light, a great amount can be in the air without being noticed. This talc is breathed in by the infant, slips into his lungs and lodges there. Everytime the talc is used, a new deposit is built up in the lungs, like successive doses of poison. Then the time comes when the baby rolls over in the night, his head momentarily in pillow or sheet. Their lungs are weak and they cannot combat anything with those flabby lung muscles. So they die, apparently for no reason.

In England, the British Medical Journal publishes a warning to Mothers on talcum powder. It says young children, age 1 to 2 years, spill a fairly large amount of powder. Some is inhaled. Within an hour, respiratory distress and signs of bronchitis develop. The Journal reported on five cases of talc poisoning. "Three babies died within 10 to 20 hours", it said, and advises Mothers not to use it.

There is much more in this article, but this alone is enough to make me throw away all my talc. When one thinks of how we brush the talc out of the coat into the air, one can see how much is being breathed in by both dog and owner!!

In another newspaper article I have here, taken from the *Philadelphia Inquirer*, Oct. 5, 1969, Dr. Louise M. Gloeckner, new Vice President of American Medical Association, makes this remark during her discussion of spray can pollution of our homes. "Even a substance as innocent looking as talcum powder could be harmful if inhaled often!" Since we can-

## YIPS AND YAPS

**CHUCK REYNOLDS**

Newcastle, Calif.

I am pleased and proud to announce that I have once again started writing for the Kennel Review All-Breed Magazine. My column, "POM TALES", will appear each month in this publication. At one time, Kennel Review was considered to be a West Coast Magazine. During the last couple of years they have expanded facilities which has given them a national status and is now widely read by the top breeders, exhibitors, handlers and judges. If you have not seen this fine publication, I would be happy to give you the information on how to receive it.

I am happy to see another All-Breed Magazine join Dog World and Popular Dogs in giving space to our favorite breed. Pauline Hughes and Leona Dengler have for years done a great job placing our Breed before the public and the general dog fancy. I hope I can do as well.

I will need your help. I would appreciate hearing from our Members regularly so I can tell of their happenings in my "POM TALES". I hope each of the Specialty Clubs will put me on the mailing list for their newsletters. It will be my pleasure to tell about YOU!!!!

**MRS. JULIE BRUMBACK**

Harrisonburg, Va.

I would like to advertise my first champion Pom. I am sending you "Star's" picture and pedigree. I bought her from Mrs. Girardot and showed her myself . . . We really did enjoy the experience and hope to have others to show soon. She is Ch. Sun-gold's Gay Cavalier's 59th champion offspring.

I love the Pom Review and think you do a terrific job. Also love the Pom people — have belong to the ..... Club for five years, but am thinking of dropping it in favor of the Pom Club.

**MRS. JOY LECOMPTÉ**

Salem, Oregon

I feel John Thyssen is not representing the entire West Coast as it was intended he should. He should realize that he is a columnist and not a commentator. It is quite evident that he did not intend to mention any of the winners of our Specialty in his column, failing to give the name of Best of Breed, Winners and E of Opposite Sex. Yet he covered the winners for the following day's show without difficulty. Surely Mr. Thyssen could find one favorable comment to make without committing himself or setting himself up as the judge.

I would like to point out that Mr. Jarman Ryan was a Pomeranian Breeder-exhibitor for several years before becoming a judge of various breeds. Having a small specialty club and lacking the financial assistance to secure an outside judge, it was only natural that we (Columbia Pomeranian Club of Portland, Inc.) secure a judge from the area. Sadly, unfavorable and undeserved comments have been made concerning our Specialty this year. For the first time in approximately 9 years, a member of our club was fortunate enough to win Best of Breed. Mr. Thyssen failed to mention the name of this BOB bitch and the name of her owner, as well as any other wins at the show.

As our columnist, John Thyssen should represent all clubs and all areas of the West Coast and should leave judging the shows up to the respective judges hired for this purpose. It is not his place as a columnist to openly criticize the winning dogs of any show, but he should stick to the actual show reporting itself. It is only natural that he should have his own personal opinion as to what he considers a better dog, but this should not be made a matter of dispute in his column.

I am not attacking Mr. Thyssen personally, but I am calling attention to the injustice done as our WESTERN ROUND columnist. We in Oregon and Washington haven't yet seceded from the "Union!"

**MRS. CLYDE ANDREWS**

Woodinville, Washington

We know we are beginners but have wanted to contribute to the advertising in the Review and to support the club as much as possible. I was injured in a plane accident in Jan. of 1969 and had back surgery this year so have not been able to show as we had wanted. Our male was owned by my husband (his first experience the ring too) in the Whidbey Island show. There were only three Poms present even though we did get two ribbons we now we and "Twig" have a lot to learn. My husband attended a training class for handling with the dog and does feel they help a lot for the beginner. We have him entered in another show so perhaps with practice and training we will be able to do something.

We want to thank you and the others of the Board for your hard work in putting out the lovely magazine. We learn so much from it and look forward to it's arrival.

**DAVID TAN YEW LIN**

Singapore

Dear Mrs. Husted:

I have been following your magazine every quarter and must say that it gets more interesting. Herewith my subscription for another year. Please congratulate the editors on my behalf.

---

**EDITOR'S NOTE:** Long letters were received from Mrs. Lill Ritz and Mr. Lester Kilmer on the subject of ideal size of Pom brood bitches. While readers are interested in controversial subjects, it is felt that no more space should be given to this long-continued argument which has been filling our pages for almost two years.

---

**HEYDE (Continued)**

many good obedience columns in the "Pomeranian Review."

Happily the Northern California Pomeranian Club decided to add to its list of awards for outstanding achievements during 1969 — one for Obedience Exhibitors. This went to Valerie Wagoner of San Francisco, who finished C.D. degrees on two Poms during the year. Congratulations!

**HOPKINS (Continued)**

not expect our dogs to hold their breath while using these products, as one article advises humans to do, one is beginning to wonder what effect all these breathed in pollutants will do to our dogs over a period of time. At present I have one older stud with a bronchial condition that he has had ever since he finished in the ring in 1961. Now I wonder if the talc used at that time long ago is the cause of this coughing he has had all these years, when the vets can find nothing wrong with him.

**EDITORIAL**

A decline in popularity from 12th to 14th place in AKC Registrations does not seem too dreadful — until you remember that 15 years ago, Poms had steadily occupied 11th place for at least a decade. The next change was an upswing — into 10th and then 9th place, in 1961.

It seems to us that the present trend should be reversed NOW, without risking further decline. This can be done, if we all work together. Your Board of Directors is trying in every possible way to carry out the desires of the membership. Let each member resolve to support the Club and to do his or her best to keep our Poms in the public eye. Show your nice specimens in conformation and obedience — support your Specialties — and take your beautiful, friendly pets into stores and shopping centers, where permitted.

Not a sideline or a hobby.

Striving to improve quality with every litter and no breeding from faulted individuals. In 1966, I imported 2 grandsons of Eng. Ch. Little Gent of Hadleigh — with the now extinct Oldderry line on the dam's side — and found it nicked exceptionally well with the Spit-Fyre line, then established on our foundation sire, Ch. De Lill's Honey-Boy. All breedings have been carefully planned by line and inbreeding their offspring.

Ch. Toyhomes Little Souvenir

For health reasons, I have to drastically cut the number of dogs I can keep and offer:

3 free whelping broods, 3 young proven studs — show potential  
 3 show quality female puppies, 1 wolf sable, 1 rare beaver, 1 deep red  
 2 exquisite male puppies . . . All these are around 8 months old.  
 Some promising younger puppies.

Also, very reluctantly, the pointed import Toyhomes Sonny-Boy, wh. Sept. 1, 1966, orange sable. A beautiful headed, short, cobby, showy little guy who has produced show quality in almost every litter. Would have finished long ago, if I had been able to get to the shows.

Most of these dogs and puppies would ordinarily not be for sale, but would be retained for my own breeding program. Each one can be a valuable asset to the serious breeder.
